CARROT TOP
By
R. Robert Evans

Here is a guest column by Senator Bill Richardson that sets down my feeling to a letter, it could not be expressed more thoroughly. He said it, I endorse it . . .

— CT —

The other day my daughters and I were having a discussion as fathers and daughters often do. My girls, being typical romantic teenagrs, asked what it was like in the "olden days" when I was a young man. Did you go out with girls in high school? What did you do on your dates, where did you go? What was it like?

— CT —

I nostalgically reminisced about my high school days and the good times I used to have as a teenaged boy. I conjured up memories of dances we used to attend, the theaters and paladiums we used to frequent, where we could hear and dance to the music of the Dorseys, Miller and Kenton. I also fondly remembered my dollar dates"; dates that would cost me the total grand sum of one dollar.

— CT —

I would pick my date up and give her a few flowers (20c) and we would take the bus to the movie theater (20c). After the movie (30c), we would walk to a soda fountain, have a soda (30c), and then walk home through the park and along the streets to my date's home.

— CT —

Does this sound like a date in a small picturesque country village? Well, it wasn't. This particular period of my youth was spent on the south side of Chicago — a tough factory area inhabited by every nationality and race imaginable. Poles, Italians, Greeks, Negroes — all crammed together.

— CT —

While it is parents' nature to be concerned for their children, years ago there was little cause for worry over the personal safety of their children.

— CT —

However, parents today have good cause for concern over allowing their children to walk home at night, go to the theater, or do many things that we never gave a second thought to in the '40's.

— CT —

I had a lot more personal freedom than my daughters — the small amount of crime then, compared to now, was the reason.

— CT —

Parents feel obligated to restrict their offspring's movement because they are concerned for the personal safety of their sons and daughters. Crime is cheating our children; crime is denying them opportunities to enjoy life with the same freedom that we had.

— CT —

This is just one example of how the crime problem has reached into our personal lives. We have become so accustomed to this fact that we don't pay attention to many freedoms we have lost because of crime in the streets. Fear of personal harm and property loss has established an un-written code of rules and regulations around which Americans have systematically built their lives. Locked doors are now a total way of life.

— CT —

If you are old enough to remember the late '40's, you'll remember when women weren't concerned over walking to a parking lot after work. The women on my staff are legitimately concerned that they must walk several blocks to their cars. Why? Because of the assaults on female capitol employees.

— CT —

Remember when women went shopping alone after dark? Today any woman who uses a public laundromat in the evening is faced with risking her life to provide herself and her family with clean clothes.

— CT —

Remember when parents weren't concerned about al-

Joseph Delgatto, Sr. Asks For Your Vote April 11th

JOSEPH DELGATTO, SR.
. . . . A Businessman

This is my last statement to you before the election next Tuesday, April 11 when you will go to the polls and vote for two men of your choice to serve you on the City Council for the next FOUR years. I do hope that I am one of those choices, and give you the following reasons that I feel that I merit your vote and support.

Number one, and I feel the most important, is that I am a businessman in Sierra Madre, and on the job constantly. Should you have any questions to ask concerning City Business, I will be available, either by telephone or by a personal interview. You do not have to wait until evening or go to the expense of a long distance call to find out your information. It is available to you at once and on the spot.

Secondly, being a businessmen, a member and director of the Chamber of Commerce and the Sierra Madre Lions Club, I feel that I know the needs and the desires of the business area in their attempt at future growth. I will do my best to fight for their desires, in the Master Plan and the future development of the business business district.

The third reason, and a very important one is, that I have lived in Sierra Madre for over 18-years, and in the drycleaning business you get to the point where you know everyone by their

Not Bad For A Little Town

A stubborn seven pin in the seventh frame was the only thing that prevened our postmaster, Guy Rossi, from bowling a perfect 300 game last Wednesday night. Guy was hot that evening and bowled 220, 279, 205 for a 704 series, the highest in the Quad Cities League this season.

There are 12 teams in the league and the three from Sierra Madre are at the top of the ladder with the season almost at an end. Roess' Market leads with Arnold's Hardware and Art's Pet Supply tied for second place two games off the pace.

Not bad for a sleepy little town!

Senior Citizens Met April 1

After the usual procedure was followed at the meeting of the Senior Citizen's Club of Sierra Madre the president welcomed Clara Henderson from Fresno. The lovely flowers were brought by Lillian Graham and Lola Bullock.

Seven energetic women made cupcakes for the occasion, they are Helen Wheeler, Etta Walker, Pearl Patterson, Pearl Smith, Bertha Billings, Nora Clark and Pansy Hearn. Pansy made Easter baskets and Lillian Herman brought a pretty Easter tree. We all appreciate their efforts so very

Mike Moore Is P & R Supervisor

The Parks and Recreation Department has supplemented their staff with the addition of a Recreation Supervisor. David Michael "Mike" Moore was picked from a list of four qualified candidates by a review board consisting of Councilman James Abernethy, Parks and Recreation Commission Chairman Robert Talbott, and Beverly Bernstein from the Pasadena Recreation Department.

DEDICATION OF THE SIERRA MADRE COMMUNITY HOSPITAL addition will be featured as the first show in a new series entitled "Round the Square" which will premiere Monday, April 10, at 12:30 and 8 p.m. over Teleprompter Cable TV Channel 3 Replays are slated for Tuesday at 1:30 p.m. and Wednesday at 2 p.m.

Hugh Campbell Produces Weekly Channel 3 Series

Hugh Campbell, producer of the new weekly half-hour series, said in an interview this week that "this initial show will offer an insight into the administration and facilities of the local hospital.

"Actually it's an in-depth interview of the people behind the scenes, so that the residents here will be aware of what they have available to them.

"Overall focus of 'Round the Square' series will be people and places of the San Gabriel Valley."

Official Film Of 1972 Rose Parade Released

The Joy of Music is here . . . on film!

Pasadena's Tournament of Roses Association is announcing the release of "The Joy of Music," official film of the 1972 Rose Parade. The 166 mm color-sound presen-

Charles Corp Endorsed By Editor of This Newspaper

As a member of the Council, seeking election on April 11th, I look forward to doing my part toward finding solutions to problems facing our City.

Sierra Madre's most persistent and difficult problem is finances. How to raise enough money for vital city services concerns all of us. I hope the plans now being made for improvement of our commercial area will help with sales tax revenue and I hope wise multi-unit developments will help both sales tax and property tax revenues.

Rehabilitation of the water department is vital. Bonds for this purpose are being voted on at the April 11th election. I urge a yes vote on the bonds. The Water Committee has worked long and hard on this issue and has persuaded thinking citizens to support the bonds. The Chamber of Commerce voted to support the bond issue at a recent meeting.

The problem of the City Hall, structurally unsafe, and hopelessly deteriorated has been reported on by the City Hall Advisory Commit-

LOCAL POLICE, CHIEF TOM KENDRA AND SGT. CHRISTENSEN on duty assisting the Sierra Madre Search and Rescue Team in bringing out Lynn Sloop. Rick B. Morris and Ray Morris from Bailey Canyon where serious injuries were received in a fall on Thursday of last week. Terri Conner was also with the other three but did not receive injuries and managed to climb down the canyon. All were from outside of our city.

New Church Series Starts On Teleprompter Channel 3

Sunday, April 9, will mark a two-fold innovation for local programming over Channel 3 — Telprompter Cable TV of Sierra Madre and Arcadia.

Channel 3's first hour long worship service will premiere. Titled "The Santa Anita Church Hour," the service will be video-taped during the early worship hour on April 9 for replay the same day at 7:30 p.m. and also on Tuesday and Thursday at 12:30 noon. In the pulpit will be Dr. Margaret M. Stevens, minister of the non-denominational church located at 226 W. Colorado Blvd., Arcadia, assisted by Dr. Frank Titus.

Mackey Swan, tenor, will be the featured soloist, with Helen Natzke at the organ.

With poise and a joyful vibrance, the Rev. Dr. Stevens will outline guides for the practice of faith in daily life. Thousands in the San Gabriel Valley and around the world have experienced a new inflow of the power of the Holy Spirit through her ministry.

April 9 will also mark the initiation of Sunday scheduling over the local Cable TV station. Slated for Sunday premiere showings are: a replay of Channel 3's coverage of the Huck Finn Fish Derby at 6:00 p.m.; "Families In Conflict" with Dr. William R. Parker at 7:00 p.m.; "The Santa Anita Church Hour" at 7:30 p.m. and "Living Waters" with Dave Harrison and a Christian rock group at 8:30 p.m.

Dance Money Starts For Volunteers

When it comes to speed, Juicer Manufacturing Company, Inc., of 31 East Montecito Avenue should be given the "Winged Cup of Mercury" they were the very first to answer the call of your Volunteer Firefighters in their drive for funds to purchase needed equipment.

The brochures and tickets were entered into the mail at 12:30 on Wednesday, March 22, at 6:06 that evening the envelope had been returned and in the hands of the General Chairman as the first response to the urgent call.

Your Volunteer Firefighters thank you Donna Rowe for starting the ball rolling in the most urgent project that the volunteers have sponsored in the past 51-years.

28,500 tickets were mailed out on the date above mentioned for the First Annual Spring Dance to be held on Saturday, May 13 at Alverno High School where an evening of fun and frolic will take place with mixed drinks, and free popcorn and peanuts. Buy your tickets early by sending in your preaddressed envelope. The following are the first ones to respond:

Bob Ingram Completes Army Course

Army Specialist Four Robert C. Ingram, son of Mr. and Mrs. Robert B. Ingram, 283 W. Laurel, Sierra Madre, Calif., completed today with honors a 10-week military journalist course at Defense Information School, Ft. Benjamin Harrison, Ind.

He was presented the Association of the U.S. Army Award in recognition of his academic achievements.

During the course, students receive instruction in the preparation of news and feature stories, photography and speech. Another important part of the class time is spent on preparation of material for radio and television broadcasting. To develop proper understanding of the news environment students also study governmental and community matters.

Spec. Ingram entered the Army in July 1971 and completed basic training at Ft. Leonard Wood, Mo., where he was last stationed.

A 1967 graduate of Pasadena High Schol, he attended the University of Southern California, Los Angeles.

SCHOLARSHIP WINNERS — Out of 10 Pasadena City College minority students to receive College Entrance Examination Board scholarships are (from left) Santiago Calderon of Sierra Madre and Janet Pereda of El Monte. The scholarships were awarded on the basis of academic performance, financial need and other factors.

Vicki Taylor Is Awarded A Citizenship

Vicki Leigh Taylor, daughter of Mr. and Mrs. Kenneth D. Taylor, 333 Sierra Madre, Sierra Madre, has been awarded a Citizenship Award to attend Pepperdine University at Malibu next fall.

Taylor, a senior at Pasadena High, was given the award for $400 per trimester for her high school achievement and citizenship. The award may be renewed by maintaining a 2.0 grade-point-average and satisfactory citizenship.

Taylor is a member of the All-City Orchestra, and a candy striper. At Pasadena High she has also participated in the band and drill teams and made the honor roll.

While undecided what her major will be at Pepperdine, she states that she chooses Pepperdine because of its Christian ideals.

Pepperdine is a liberal arts institution with its main campus located in Southwest Los Angeles.

Band Concert For April 7th

Band concert season is here! The Sierra Madre band will give its spring concert at the recreation center, 611 E. Sierra Madre Blvd., Friday, April 7, at 8 p.m.

Trumpeter Jerry Haines will be featured soloist for "Stairway to the Stars" in a medley of tunes called "Park Avenue Fantasy."

The band will play "Gigi" as a salute to the late Maurice Chevalier. This was his last starring movie role.

Soprano Gladys Roshko, who has sung with the band

Youth Groups Benefit

Hastings Ranch Annual Roundup Breakfast April 8

"Hastings Ranch is still a marvelous place for children to live."

How many tmies has the remark been heard over the past two years up our way at Hastings Ranch. Perhaps the reason for the remark is the care and concern of ranch parents always in evidence as to the kind of living to which they wish their children to be exposed.

Evidence of that care and concern is the time, and the planning that goes into the various programs and projects which have become yearly events of much importance to parents and youngsters at the Ranch. One such event is the Annual Roundup Breakfast, to be held this April 8th on the parking lot of the Shopping Bag Stores, corner of Michillinda and Sierra Madre Boulevard.

The management of the Shopping Bag Stores have once again invited area residents to use their parking lot to serve breakfast to residents between the hours of 8 a.m. and 11 a.m. to all ticket holders. The store has donated all ingredients for the making of the pancakes, as well as the orange juice and coffee, which will be served along with breakfast sausages. An anonymous donor is also forwarding a check to cover any other necessary expenses for the event.

The breakfast is being organized for the purpose of bringing together residents and parents who are interested in raising funds for the various youth group programs in the ranch.

Groups in particular who are to benefit from the funds raised will be the Hastings Ranch Little League baseball teams, the Boy Scouts, Cub Scouts, Camp Fire Girls, Indian Guides, as well as Sea Cadets.

This year Little League team managers plan to add dug-outs, a refreshment stand, as well as some new equipment to be used by the teams.

Dates For Ranger's Summer Camp Set

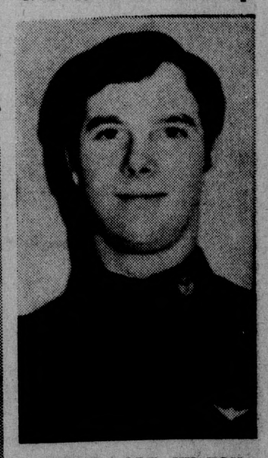

Reservations are now being accepted for the Woodcraft Rangers camp at Lake Arrowhead. The camp will begin its 50th summer season on June 26th.

Nine one-week sessions are scheduled for the camp, according to James C. Flanders, executive director of the United Way-sponsored youth organization.

"Open to both boys and girls, ages seven to fourteen, the camp offers a variety of activities for youth," Flanders said. "Boating on

first names. I feel that I am capable to represent those people. I feel that I have a very good knowledge of what they desire in City Government, and will strive to give them this at every opportunity.

If you still feel that you need more reasons to cast your vote for me on April 11, then please remember, I am a large property owner, business and personal, and Taxes is one thing that I hate to see increased year after year. I will strive to do my best to not only hold the line on Taxation, but wherever possible to cut unnecessary expenditures.

I am certainly not in favor of cutting the VITAL services of the community, but to review all services that are now being given to the people and make my own independent discovery if they are getting the best value for their tax dollar.

And so, with this statement, I do sincerely ask for your vote in the Sierra Madre City General Election to be held on Tuesday, April 11. If elected I will work my fool head off to hold the confidence that you will have bestowed upon me.

Don't forget the Water Bond issue. I am endorsing it — as I said before I believe we need it.

Joseph Delgatto, Sr.

Bill McColl To Resign To Run For Congress

Bill McColl, candidate for congress, has resigned from the State College Board of Trustees to seek the Republican nomination for Congress in the 20th congressional district.

McColl, who is seeking the seat now held by retiring Rep. H. Allan Smith, announced his resignation at the board's March 22 meeting. "I do so with deep regret," he said, "as I have enjoyed my term of service and my association with the board members, Chancellor Dumke, faculty and students."

The Republican conservative said he took the action "in order to avoid any charge of exploiting my position on the board for personal gain.'"

McColl, who was appointed to the board by the governor last year, said he had already submitted his resignation to Governor Reagan.

Beta Sigma Phi Meets, April 4

Phi Delta Rho Chapter of Beta Sigma Phi will hold its next meeting at Ricky's Restaurant in Alhambra on Tuesday evening, April 4, 1972, at 6:30 p.m. President, Mrs. William of Alhambra will preside.

Red Cross Training In June & August

Pasadena area students interested in training as water safety swimming, lifesaving, boating or first aid instructors can register now for the Red Corss Aquatic Schools to be held in June and in August.

The Aquatic School slated for June 13 to 23 will be at Twin Echo Resort, Rathdum, Idaho, and will include a special course in swimming for handicapped persons along with the regular curriculum.

June 18 to 28 is the date of the Aquadic School at Skylake Yosemite Camp, Wishon, Madera County, California. This session features two special courses, one offering training as a canoeing instructor and the other swimming for handicapped persons.

A third Aquatic School will be held August 21 to 31 at Sports Acres Camp, Seaside, Oregon, offering special training in handicapped swimming and competitive swimming, along with the regular courses.

Red Cross also offers a Small Craft School session June 11 to 21 at the University of Washington in Seattle, specializing in training for safe operation of all types of small craft.

The fee for each of the three Aquatic Schools is $75, and the fee for Small Craft School is $80. These fees include room and meals during the ten-day courses. For further information or for application forms, call the Pasadena Red Cross — 799-0841.

Mike Moore

The position was made available through Federal funding, under the Public Employment Practice Act, which is administered by Los Angeles County.

Mike Moore has served as Athletic Director for the U.S. Army while in Okinawa and has a wide background in recreational activities. He is presently completing his education with a major in Physical Education and a minor in Business Administration.

Director of Parks and Recreation Steve Renfro says that Mike will be coordinating cultural activities and helping to expand and organize the summer program.

Dog Obedience Classes Start

There will be new Dog Obedience classes starting Wednesday evening April 5th at the Pasadena-Foothill Valley Y.W.C.A. 78 North Marengo Avenue in Pasadena. The adult class for beginning training will be 7:30-8:30 p.m. and for intermediate training will be 8:30-9:30 p.m. A special children's class will be held from 6:30-7:30 p.m. and will include beginning care and handling of dogs. This class will meet the Girl Scout requiremet for the Pet Badge. No dogs the first session. Requirement for entering, the dog must be housebroken.

For further information please call 793-5171.

Art Exhibit At PCC On April 11

Art expert Thomas Leavitt will speak on the "Environmental Space of Man" at the Tuesday Evening Forum at Pasadena City College April 11 at 7:30 p.m. in Sexson auditorium.

Dr. Leavitt is director of the Andrew Dickson White Museum of Art and professor of Art at Cornell University and has been a director at the Santa Barbara Museum of Art, the Pasadena Art Museum and the Fogg Museum at Harvard.

PCHNO To Ask Local Groups To Participate

Pasadena Commission on Human Need and Opportunity wants to have more participation by the poor themselves in its attempts to alleviate the causes and conditions of poverty.

Therefore, the Commission has adopted new by-laws that provide for organizations or groups with a majority of its membership in the low income bracket ($3800 for a family of 4, defined by federal guideline) to have a representative on PCHNO. Any local group organized on the basis of residence or major interest or concern for the poverty community will be eligible to request representation. If a group is issue oriented, it should show wide area membership. A group need not be incorporated to be eligible. Advisory bodies to existing poverty or minority agencies who meet qualifications will be eligible.

The methods to achieve this representation will be explained in detail at a meeting at PCHNO Thursday night, April 13th, at 7:30 p.m.

The committee says: "We are anxious to have this new approach known by the whole community, and will welcome questions and comments from all. We hope all groups will send a representative to the meeting. If you want prior information, please call PCHNO (Mr. Rory Robinson), or Pat Rostker, 797-1941."

Eaton Canyon Golf Women Have A Ham Tournament

A Ham Shoot Tournament was held on this sparkling Tuesday morning. Hams were awarded first low nets in each flight with a pound of bacon given as second prize. A Flight winners were Dede Dager and Nicky Riordan with tie scores of 66. Dede won the ham by matched cards. Ruth Formhals at low net of the day, 64, captured the ham for B Flight with Sara Rose Parrott getting the bacon with a 66. In C Flight Jo Gerpheide had first low net of 67 and Jean Vablen took second with a 70. Flight D saw Evelpn Swett with a 65 while Fran Wall came in next low net of 70.

Auditions To Be Held For USO

Auditions will be held at the Greater Los Angeles USO Club, 428 South Hill Street, Los Angles 90013, on Wednesday, April 12th, 7:30 p.m., for talented amateurs and semi-professionals in the entertainment field.

Bands, combos, dancers, vocalists, variety shows, and novelty acts, will be selected to perform at the Los Angeles USO Club. This is an opportunity for talent to broaden their audiences as well as to entertain military personnel visiting Los Angeles while on leave.

For further information please telephone Sally Costa, (213) 626-0522.

Garden Club Calls April 10 Meeting

Members and friends of the Sierra Madre Garden Club interested in the cultivation of Begonias will have an opportunity to learn more about their cultivation at the program following the monthly dinner at 6:30 p.m. on Monday, April 10, at the Sierra Madre Woman's Clubhouse, 270 W. Sierra Madre Blvd.

Mr. Carl Nauman, past president of the San Gabriel Valley Begonia Society will speak to the topic: "Begonias for Everyone." His talk will include all begonias except the tuberous ones, types of soil, propagation and potted plants. He has been studying plants for approximately 40 years and is an expert in working with tube and green houses.

Mr. Nauman is a native son of California, with membership in the National Begonia Society, the Fern and Orchid Society and the Arboretum Foundation.

Persons interested in attending the dinner meeting may make reservations by calling Betty Hoffman, 355-9940, prior to Saturday, April 8. Others not attending the dinner are most welcome to join the group for the talk and visual illustrations.

. . . Sierra Madre COMMUNITY HOSPITAL

Late admissions to the hospital not yet discharged at this writing are Mate O. Bodle, admitted on Tuesday, March 28, and Richard Nicholson, admitted on Wednesday, March 29.

Phillip Heim, admitted on Friday, March 17, was discharged on Tuesday, March 28; Ida P. Kennedy, admitted on Saturday, March 18, was discharged on Wednesday, March 29; Betty M. Kennedy, admitted on Sunday, March 12, was discharged on Saturday, March 25; Mary J. Wolfe, admitted on Sunday, March 19, was discharged on Sunday, March 26; Mary Clements, admitted on Tuesday, March 21, was discharged on Friday, March 24; Ruth Coumbe admitted on Wednesday, March 15, was discharged on Thursday, March 23.

The stork made it even this time between boys and girls with one delivery each. Mr. and Mrs. Albert Barrett of Altadena were delivered a 5 pound 14¾ ounce gril baby on Wednesday, March 22. Mother and babe left for their home on Wednesday, March 29, the baby the first little one at their home.

Mr. and Mrs. Josea Orts of South Pasadena, were delivered a 7 pound 14 ounce little boy on Wednesday, March 22. Going home day was Monday, March 27. One other little one awaited them. Each new mother was given a beautiful "This Is My Life" baby book to take home with her.

Key-Punch Class At PCC To Start

Pasadena City College's Community Adult Training Center, 1450 N. Lake Ave., Pasadena, now offers free morning and evening key-punching classes.

Morning classes are held Monday through Thursday from 8 a.m. until noon. The evening classes are Monday and Wednesday from 7 to 10 p.m.

This course covers techniques of operating the 026, 029 and 059 IBM machines in conjunction with the Royal Key-punch Training Tandem. Making a program card, numerical and alphabetical accuracy and speed drills are also covered.

Registration takes place in the classroom. The only requirement is a typing speed of approximately 40 words per minute.

Further information is availabe by phoning CATC at 798-0756.

SOME ARTICLES APPEARING IN THE SIERRA MADRE NEWS MAY BE CONTROVERSIAL BUT OUR ADVERTISING RESULTS ARE "TIME PROVEN"

Charles Corp

tee to the City Council and a decision must be made by the Council on action to be taken.

The City is in the middle of working out a solution to the problem of supplemental water, needed possibly by the year 2000. A satisfactory solution must be found now. The problem is to keep the cost as low as possible and still have the resource available.

Commissions and volunteer appointed committees of the City devote a truly remarkable amount of time to working on City business and future plans. I am grateful for the help given by these committees. The Mayor has already indicated that he favors the present Water Committee organizing itself to monitor activities of the water department during the rehabilitation work, and I strongly favor that concept.

The City of Sierra Madre deserves all our best efforts, and I pledge myself if elected to do as much as I can to help the City solve its problems.

Charles I. Corp, Resident of Sierra Madre since 1959, 1955 Liliano Drive, Member of City Council since August 1971, Member of the Planning Commission for two years prior to Council membership. Certified Public Accountant.

April To Be Busy Month For Members Of Arcadia - Sierra Madre Newcomers

April is going to be a busy month for the Arcadia-Sierra Madre Newcomer's Club.

The members will be enjoying a day at the Santa Anita Race Track, April 6, 11:30 a.m., on the clubhouse terrace. Tickets may be purchased from Mrs. Marie Cimini, 447-9331, for $2.75.

This month's luncheon will be held at a restaurant at 8526 Valley, Rosemead, on April 11. The Brighter Side Singers from Temple City High School will entertain. The cocktail hour will begin at 11 a.m. and the luncheon at noon. Reservations should be made with Mrs. Robert Whyte, 446-3379, or Mrs. Robert Sigafoos, 447-7968, by April 7. Baby sitting arrangements for children two years old or older may be made with Mrs. Allan Bachelder, 447-4916.

On April 15, at 8 p.m., the club will be enjoying themselves at "The Speakeasy"—a night of fun and gambling set in the background of the 1920's. Craps, blackjack, the wheel of fortune, dancing to live music, food, and prizes will highlight the evening to be held at the Woman's Club of Arcadia.

Proceeds from the evening will be going to the Arcadia Campership Fund and the Sierra Madre Search and Rescue Team. Tickets may be purchased for $1 at the door or from Mrs. Robert Sigafoos, 447-7968, or Mrs. Maurice Miller, 446-9234.

All newcomers to the Arcadia-Sierra Madre area are welcome to attend these activities. For further information about the Newcomer's Club, sponsored by Welcome Wagon International, call Mrs. George Miller, 355-4433, in Arcadia, or Mrs. Richard Reynolds, 355-7609, in Sierra Madre.

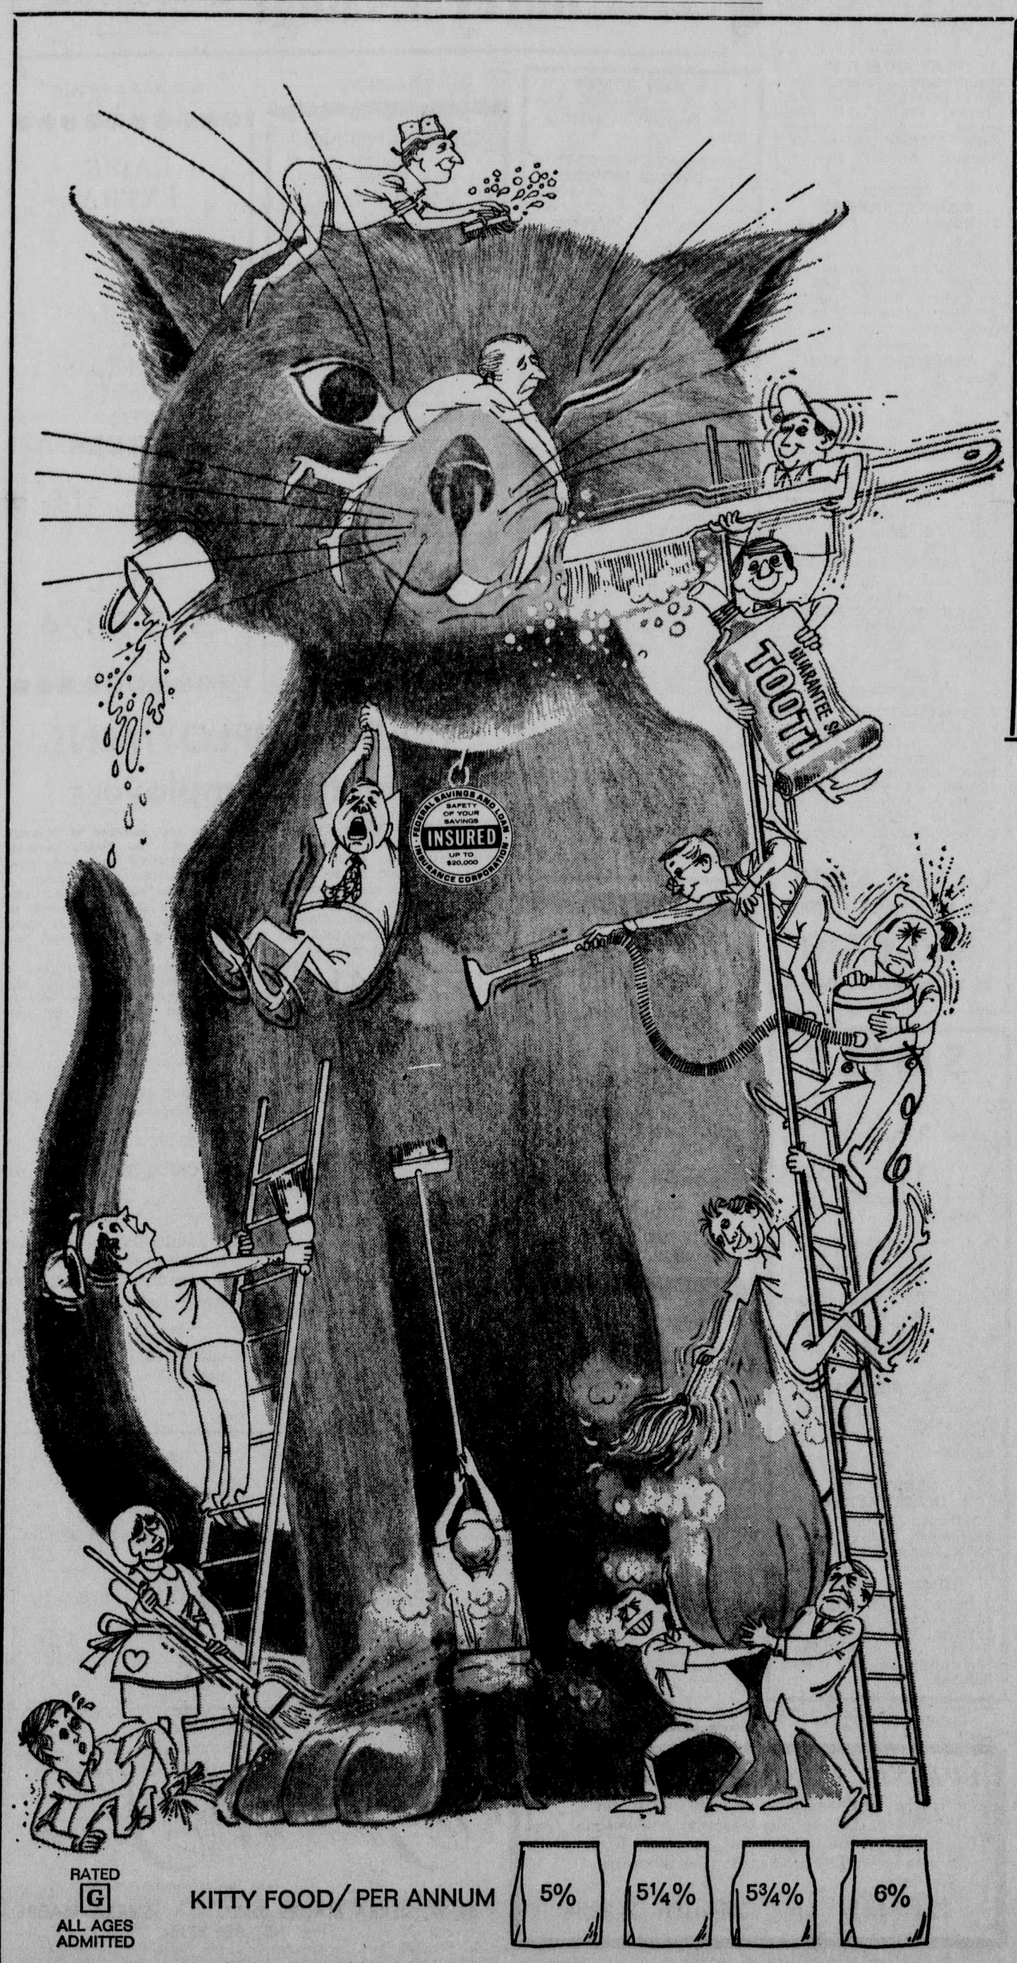

RHO Chapter Elects Officers

RHO Chapter of Beta Sigma Phi, elected the following members to hold office for the coming season. They are as follows:

President, Mrs. Fred Kelly, El Monte; vice president, Mrs. Robert Dixon, Arcadia; recording secretary, Mrs. Richards Thomas, Sierra Madre; corresponding secretary, Mrs. Charles Tea, Sierra Madre; treasurer, Mrs. Ron Ostermeier, Arcadia, and council representative, Mrs. Wayne Brubaker, Pasadena.

The new slate of officers will be formally installed at the first monthly meeting in May.

The Chapter's March 30 meeting will be held at the Temple City home of Mrs. James Lamb. The co-hostess for this evening will be the membership committee. This meeting is the Chapter's presentation meeting and invited guests are Mrs. James Huff, Mrs. Molly Innis, Mrs. Nalin Shah, and the Misses Vivian Takeda Maureen Leddy.

& Watch Your Kitty Grow!

Do you have an all purpose Kitty where you go for extra money when you need it? Are the eyes kind of sad? Is the coat a little dull? What that Kitty needs then, is attention and food. Bring him to Guarantee Savings and watch him GROW!

You give him the attention he needs in the form of insured savings. We'll give him our special quick growth interest formula. To insure freshness, it's compounded daily. You'll be surprised how much this helps a Kitty grow.

We'll watch him. Pamper him. Brush him. Keep him neat and clean. We'll give you a bright fresh Certificate record or a Passbook record so that you can make notations and actually see how much he grows when put in our care. Why not be sure and have a "fat cat" around when those "doggie bills" come barking at you. Bring in your Kitty and open an account today!

Rose Film

tation will be loaned free of chanrge to any school, library, church, social, charitable, or community organization world-wide on a first-ooome, first-serve basis.

Other Rose Parade films have met with overwhelming success in the past, being shown at least 100 times a day throughout the year; and this year's showings will add to that record. The film covers more than 80 bands and floats, rich with music and flowers, and representing governments, corporations, and schools from all over the North American continent. This same parade attracted more than a million viewers in person and another 100 million on international television, re-affirming its popularity with young and old alike the world over.

Currently available, too, from the Tournament's library are prints of a "behind-the-scenes" look at the year-long preparations made for each festival, and past films of Rose Parades from 1962 to the present.

Requests for the films — all of which run about 30 minutes in length — should be addressed to Pasadena Tournament of Roses Film Library, 391 South Orange Grove Blvd., Pasadena, California 91105.

Please allow enough time for proper booking and a minimum of 14 days mailing time if shipments are going East. All that is required is a 16 mm sound projector and an experienced projectionist. The Tournament of Roses does the rest!

Letters To Firefighters

Fire Dept.:

Unable to attend, give tickets to someone or resell.

— Charles E. Gilb

To the S.M.V. Fire Dept.:

When anyone asks for a donation I feel they should make the effort to address the letter to that person rather than "occupant."

We have done so before and will continue to contribute to such a worthy cause but I feel this important enough to bring to your attention.

Mr. & Mrs. J. Milfeld

Senior Citizens Met At Park House

much.

A motion was made and seconed we cancel our meeting on June 10th for the Kiwanis Club to have the Park House for their annual breakfast.

Pearl Patterson told about the trip to the Queen Mary; also on April 19th and 20th the San Diego overnight trip. April 22nd — The Ice Capades. Las Vegas trip April 16, 17, and 18th $31.85. Lake Powell April 26th to May 5th $250.00. May 12 Senior Citizen's day to see "Kotch" $1.00. There is a free movie April 10th for Senior Citizens at the Academy Theatre, "Ben Hur."

We had such a delightful program today by the Mariner's singing group from the Bethany Church under the direction of Mr. Moyer.

Those participating were Ava Collins, Margaret Ower, Ivan Ower and Della Weeks. Mrs. Shaper at the piano. Mrs. Archibald and Mrs. Hyllery from Zion, Illinois are visiting the Owers.

We all joined in singing such oldies as "April Showers," "Smiles," "You Wore a Tulip" and "Moonlight Bay." Mr. Moyer closed the recital with "When Earth's Last Picture is Painted" with "Sweet Bye and Bye" piano background. All in all it was a happy hour spent with very talented musicians

Meeting was adjourned for cards.

Helicopter

from a treacherous slope and plummeted nearly 200 feet.

According to Abbe Keith of the Sierra Madre Mountain Search & Rescue Team, the three 15 year-olds were knocked unconscious by the fall. He added that a fourth member of the party, Terri Conner ,o Rialto, was not involved in the fall. She managed to climb down the canyon without incident and aided the two seriously injured youths until help arrived.

Ray Morris, who fell with the others in the freak accident, regained consciousness after having been knocked out by the fall and was able to hike out of the canyon for help. He was treated at St. Luke for minor injuries and released.

Ray's twin brother, Rick, was taken to St. Luke's with multiple injuries, including a concussion, broken pelvis and broken wrist. At this writing, Rick has been released to his parents and is now at home recuperating.

Lynn Sloop was the first of the group to fall to the canyon floor. She apparently slipped from a rock. The Morris brother, in attempting to rescue her, lost their footing on the steep hillside and also fell. Miss Sloop is in satisfactory condition suffering from multiple injuries, including a concussion and broken jaw. She is expected to be confined to St. Luke's for about six weeks.

Abbe Keith said the call for help reached authorities shortly after 11 a.m. and rescuers were at the scene administrating within 25 minutes, thanks to the county fire department helicopter. Fortunate thing about the sitaution was the closeness of the helicopter and its crew, which was conducting practice with the Sierra Madre Volunteer Fire Department at the time and aided by first ferrying in rescue team members, then a doctor and then by transporting the injured girl and boy to the hospital.

Pilot of the helicopter Randy West, did a magnificent job of maneuvering the ship in and out of the canyon area during the rescue operations. Base operations for the rescue units and helicopter were on the grounds of the monastery.

It can not be stressed strongly enough, that every possible safety precautions should be exercised and observed by those hiking in our canyons and mountains.

Additional Flood Insurance Available For Sierra Madre

The U.S. Department of Housing and Urban Development announced today that effective March 24, 1972, local property and casualty agents can start selling additional coverage in Sierra Madre, Los Angeles County, California under HUD's National Flood Insurance Program.

"Now that a rate study has been completed and the area of special flood hazard has been defined for the community, explained Federal Insurance Administrator George K. Bernstein, "we are able to expand the availability and limits of coverage under the program."

However, he said that coverage under the regular program should not be confused with coverage under the emergency program.

"Under the regular program," Mr. Bernstein said, "coverage is now available, for the first time, to the owners of newly constructed residential properties. Those properties started after the emergency program became effective and located within the area of special flood hazard are eligible for coverage only at actuarial rates. New properties located outside this area, however, are eligible for coverage at the actuarial and/or subsidized rates, whichever is is less.

Additional coverage, also at actuarial rates, can now be purchased for existing structures within the entire area eligible for flood insurance.

Under the emergency program, he added, limited amounts of flood insurance can be bought at federally subsidized rates for structures existing at the time the community becomes eligible.

Besides covering against loss, the Federal flood insurance program helps promote sound floodplain management and land use control.

In becoming eligible for flood insurance, Mr. Bernstein said, the governing body had to adopt land use control measures appropriate to the characteristics and specific flood threat of the community.

These measures, he added, are supposed to be designed to guide future development away from flood hazard areas and set foundation and floor construction standards thus helping to promote floodplain management and land use control.

Official maps identifying local flood hazard areas can be examined at City Hall, 55 West Sierra Madre Blvd. Sierra Madre, Calif. 91024.

Cobwebs

Sixty Years Ago:
April 5, 1912

H. F. Bridges has presented his resignation from the office of city attorney, taking effect April 1. His successor will not likely be appointed until the organization of the new board of trustees, following the city election. As the position of attorney is appointive and subject to the action of each new board of trustees, the resignation has no effect except to leave the city without an attorney for the fortnight intervening until the new board is installed and organized.

Fifteen boys of the public school military company accomplished the march to the "Swillikens Cabin" in the Big Santa Anita Saturday. The squad was in charge of Commandant E. W. Nead. Various marching formations were used en route, varied according to the condition of the trail, and commanded in turn by Corporals McEdward, Mitchell and Evans.

Major Henry T. Lee of Los Angeles passed away at his home on West Adams Street Wednesday night at the age of 72 years. Major Lee was president of the Public Service Commission of Los Angeles and had been prominent in civic affairs and the legal profession. He had been attorney for the Sierra Madre Water Company for years, piloting it through its legal difficulties in successful manner. Of late ,Major Lee had delegated a large share of the Sierra Mader work to his law partner, Mr. Valentine. For that reason it is not thought that his death will have any bearing on the legal matters connected with the transfer of the company to the city now pending.

Miss Margaret Allen has been chosen by the committee in charge of the flower show to be Queen of the Festival. The choice was made by the committee instead of by election as was done last year. Maids of honor to attend the queen upon her public appearances will be Eleanor Hinton, Margaret Bravinder, Hallett Johnson, Lorraine Wright, Helen Seeley and Dorothy Mitchell.

Must File and Pay In Full To Receive Discount

Californians who file their State personal income tax without full payment cannot claim the special 20 per cent reduction included in the law which enacted general income tax withholding Failure to pay in full by this year's April 17 deadline includes a penalty as well, warned Martin Huff, executive officer of the Franchise Tax Board.

Failure to pay the full amount of tax due will result in the assessment of an immediate five per cent penalty, plus an additional one-half per cent each month for 36 months on unpaid tax. This is in addition to payment of interest.

This year it is even more important to file the State personal income tax return and pay the full amount due by the April 17 deadline, Huff said.

Radar Training Program Open

Immediate openings exist for young men who want to learn to become electronic technicians and radar mechanics according to the 63rd U.S. Army Reserve Command in Los Angeles.

Openings for these skilis are available in Southern California to high school graduates, and ex-servicemen with prior experience. Young men without previous military service can qualify after basic training and attendance at a System Repairman school.

The Army Reserve training program is especially attractive to those young people who want to learn a skill and be paid for on-the-job training which usually lasts from four to six months of active duty.

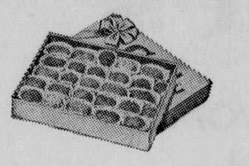

For further information regarding over 300 other occupational skills now available through the Army Reserve, contact Mr. Hunt or Mr. Bradley, 63rd U.S. Army Reserve Command, 1350 San Pablo Street, Los Angeles, CA 90033 or telephone 222-2427.

Are You Operating Your Business Under A Fictitious Name?

If So You Must Re-Register it Now!
See News Article Below

New Law in effect:

A prediction that 300,000 firms doing business in California under fictitious trade names will re-file under the new fictitious firm name law was made this week by William G. Sharp, county clerk of Los Angeles County. Sharp is chairman of a committee of county clerks which has been preparing procedures for the new statute.

The new requirement for re-filing of all firm names goes into effect July 1, 1971, but Sharp said the filings will be accepted by the county clerk's offices beginning Monday, and he urged early filing in order to avoid the rush just before the July 1 deadline. The filing fee under the new law will be $10. Filings must be renewed hereafter at five year intervals.

The Los Angeles county clerk also pointed out that the historic publication requirement has been continued under the new law and that publication of the statement once a week for four successive weeks in a newspaper of general circulation in the neighborhood of the affected business is required whenever there has been any change in the information contained in the certificate previously filed. Publication will not be required in instances where there has been no change in the information carried in the old certificate.

A fictitious name, Sharp pointed out, is one that does not include the surname of the operator or one that implies the existence of other owners; or, if a corporation, if it includes a name other than the name given in the articles of incorporation.

The purpose of the fictitious business name procedure is to protect the consumer in enabling him to find out the person with whom he is really dealing, Sharp said. If he has been defrauded by the "John Doe Television and Time Clock Repair Shop" and the shop is really owned and operated by "Richard Roe" or the "East Ganawanda Land and Farming Corporation," the consumer can find in the fictitious name statement information for bringing suit for damages. The procedure provides a ready source of information concerning identity realities obscured by fictitious business or trade names. Most banks now require evidence that the fictitious filing and publication requirements have been met before they will open an account under a fictitious name.

The office of each county clerk will furnish forms required by the new law or information and forms from this newspaper.

Sections 17900-17930 of Business and Professions Code in Effect Jan. 1, 1971*

Refiling Dead-Line July 1, 1971

County Clerk's Filing Fee is $10 for Re-Filing or New Filing*

Publication Charge Will Be $23.00 If Publication Required.

*Old civil code sections prevail in part until July 1, with filing charge of $2.00. Only a single publication required for interim $2 filing and for the prospective $10 refiling.

QUESTIONS AND ANSWERS ON THE NEW FICTITIOUS NAME LAW

1. QUESTION: When does the new Fictitious Name Law take effect?

ANSWER: It took effect on July 1, 1971.

2. QUESTION: Who must file the required new statement of doing business under a fictitious name?

ANSWER: All individuals, partnerships and corporations which operate under names not their own must file. All old certificates expired June 30, 1971.

3. QUESTION: What is a Fictitous Firm Name?

ANSWER: One that does not include the surname of the operator, or one that implies the ownership participation of others such as Brothers, Sons, Associates, Company"; or if a corporation owner, a name different from that registered in the Articles of Incorporation.

4. QUESTION: What is the purpose of the fictitious name procedure?

ANSWER: The requirements have been in effect in California since 1872 and are designed to protect the consumer by enabling him to identify the person or persons with whom he is really dealing.

5. QUESTION: Must all firm presently doing business under fictitious names file new statements?

ANSWER: Yes, all must re-file under new code sections of the Business and Professions Code which replace those in the Civil Code: The new sections are 17900-17930 and also Sections 7540 and 10159.5 and Section 10522.5 of the Business and Professions Code, and Section 12300.2 of the Financial Code.

6. QUESTION: Must all firms doing business under a fictitious name publish at the time of filing?

ANSWER: County Clerk of Los Angeles County has ruled that effective July 1, 1971, all registrants under the new law must publish.

7. QUESTION: Precisely what is the process for publishing?

ANSWER: Publication must be made once a week for four weeks in a qualified newspaper circulating in the area of the affected business. Publication must be commenced within 30 days after filing. And proof of publication must be filed with the County Clerk within 30 days after completion of publication.

8. QUESTION: Is a filing of the new form since January 1, 1971, adequate?

ANSWER: Yes, filings under the new law have been accepted since January 1, to be effective July 1, 1971.

9. QUESTION: What is the penalty for failure to file and publish?

ANSWER: One penalty will be inability to maintain a court action until the law has been complied with. In addition, most banks demand evidence of filing and publication prior to opening an account under a fictitious firm name.

10. QUESTION: Where are the printed forms to be obtained for this filing and publication procedure?

ANSWER: Free forms and service are available at most newspaper offices or at any office of the County Clerk, or from California Newspaper Service Bureau, Inc., 210 South Spring Street, Los Angeles, California. Phone MA 5-2541.

11. QUESTION: What is the cost of filing and publishing?

ANSWER: Statutory filing fee for the new statement, inclusive of mandatory certification of a copy by the County Clerk, is $10.00. Publication charge for the four insertions of the notice is determined by the selected newspaper.

12. QUESTION: Can two or more fictitious name businesses operating under different names from the same address but owned by the same person or persons file and publish under a single statement?

ANSWER: Yes, provided two or more filing fees of $10.00 each are paid the County Clerk for multiple indexing, and provided that printer's proofs of publication are provided the County Clerk for filing with the original copies of the consolidated statement. Most newspapers will make an additional charge for each additional firm name.

13. QUESTION: Will a change in residence address of an individual or member of a general partnership doing business under a filed fictitious name make necessary a publication when filing is repeated at the end of each five year period?

ANSWER: Yes, publication will be required when re-filing is made at the end of each five year period if there has been any "change in information" which makes a new statement differ from the old one. If there have been no changes in the statement from one five year period to the next, no additional publication will be required. However, this issue cannot be raised until 1976 and the years thereafter.

14. QUESTION: Is it mandatory that a single style of printed form be used in filing and publishing of Fictitious Name Statements?

ANSWER: County Counsel of Los Angeles County has ruled that any form is acceptable provided it is of the 8½ by 11-inch dimensions prescribed by the State Judicial Council for forms, and provided it embraces all items specified in Section 17913 of the Business and Professions Code, and without regard to other material that may be printed on the forms for identification or informational purposes.

15. QUESTION: After July 1, 1971, will all new filings require pubication?

ANSWER: All new filings will require pubication until December 31, 1976. (Ruling of the County Clerk of Los Angeles County.)

16. QUESTION: What other values do registrants gain through publication of Fictitious Firm Names?

ANSWER: Evidential proof of priority is established in the event competitors later use or file under the same name. Also their is direct advertising value for the firm through publication four times in a local newspaper of substantial circuation of the name and address of the business, it being noted that newspapers frequently print such names in black face type in capital letters, spaced separately.

17. QUESTION: Where can I see the new law?

ANSWER: Most of the sections are quoted on printed form obtainable free from:

Remember To Read This For Memory Improvement Hints

By Arthur Bornstein

Is it possible to have an average or high I.Q. and still have dificulty learning and retaining new knowledge? You bet it is.

Most people find it hard to remember information that is unrelated to their lives or that is uninteresting. For example, a mother wrote in to me about her 10 year old son, who had memorized all the baseball players in the American League and their batting averages, however, he was failing in most of his school subjects.

It was apparent that the boy was far from stupid, however, it was also apparent that he had to be motivated to learn. The boy was interested in baesball, so it was worth learning about the subject.

Here then, are some tips on how this mother could help her son to become a better student. First of all, as long as there is some interest in a particular area, she could relate and associate other subjects to it. Such as helping him with problems in math by having him figure out batting averages himself. The boy can be tested on spelling the players' names. An interesting way of studying history could be to see what the current events were in Babe Ruth's time.

This technique can be applied to learning anything that would normally be boring to learn or uninteresting. What it boils down to is this. We all seem to relate and remember, it's much easier to retain it if we give some meaning to the information that relates to something we like. As in the case of a student who wrote in to me about a method he used. It seems that his best subject in school was English Literature. He enjoyed playing with words and had a large vocabulary. However, he had a terrible time in his history class until he came upon an idea. He started to make up poems of historical events and thus found he was actually starting to enjoy his history lesson, as well as getting high grades.

I was delighted to hear of this student's experience and I would be very interested in hearing about any new

Billie Gottlieb writes Sierra Madre friends from Palm Springs that he will surely be on hand for the great annual Sierra Madre-Mt. Wilson race on Wednesday, May 1.

Forty Years Ago:
April 1, 1932

More than 400 happy children romped about the City Park last Saturday afternoon in the annual Easter egg hunt conducted by the Sierra Madre Fire Department. Young Norman Hernandez won the prize for displaying the best decorated egg. A spoon race was captured by Preston Evans, and Roy Warden came out ahead in the egg rolling contest. Other winners in various divisions were: Junior Grippi, Dorothy Hogan, Hughie Dozelle, Margaret Howell, Melna and Geneva Hill, and Jenny Rosa.

———

City's Plan to Conserve Water Supply Boosts Level of Wells Four Feet — At the rate of 60,000 cubic feet a day, or three-fifths of the city's consumption each day, water continues to flow into the new city water basin, via the Grand View Avenue conversion viaduct. This is water that in former years would have gone to waste. The water level in the city wells showed on March 23, 172 feet, an increase of 4 feet 2 inches over the level of last year, which, according to Business Manager Al S. Myers, demonstrates that the new system has overcome the lowering levels in the Raymond basin reservoir. It was the warning from the Raymond, with the water level dropping on an average of 10 feet a year during a period of five years, that led the city to devise its own spreading grounds to help conserve the waste. This warning came to the city through its own wells, at the Central Avenue pumping station. On March 23, 1928, the level was 146 feet; March 23, 1929, 158 feet 2 inches; 1930, 166 feet 2 inches; 1931, 177 feet, and at present 172 feet.

The new Christian Education Building at Bethany Church, N. Baldwin and W. Montecito, will be formally dedicated this Sunday morning at 9:10 a.m. The dedication ceremonies will take place out-of-doors on the church parking lot immediately in front of the new building. At that time the name of the building will be mentioned publicly for the first time as well as other interesting events. Three ministers of the church will take a part in the dedication proceedings. They include Dr. Robert N. Schaper, pastor; Rev. Hugh S. Bell Jr., assistant minister, and Rev. Harold A. Ankeny, minister of education. Archie Cress, elementary Sunday School superintendent, whose department has been using the building since the first of the year, also will have a part. Cost of the building is around $50,000.

UNDERSTANDING YOUR HEALTH...

Vital Health Education Series Prepared Especially for SIERRA MADRE NEWS by the California Public Health Association

"Health," lack of it or ways to improve it, is a basic concern of human nature, whether the problem be as menacing as veneral disease or the everyday annoyances of a common cold.

In a series of articles prepared as a public service pilot program of the California Public Health Association with the cooperation of Warren M. Dorn, Los Angeles County Supervisor, Fifth District, for publication in this newspaper, discussion of health problems of vital concern to the community will be diseminated, as well as services offered by private physicians and your County Health Department in the field of referral services, clinics and printed literature available throughout the Fifth Supervisorial District.

Under the direction of Dr. George Prichard, M.D., president of the California Public Health Association and District Health Officer for Los Angeles County, the series will begin with "Venereal Disease, an epidemic in Los Angeles?"

As president of the California Public Health Association, Dr. Pritchard represents more than ten thousand doctors, administrators, nurses and allied members in California. He holds degrees in administration and law in addition to medicine. Dr. Prichard is recipient of the Southern California Public Health Association "Health Worker of the Year" award as well as numerous community service and medical commendations.

"As well as serving as an informational guide," Dr. Prichard explained, "we hope to make the services provided by the County within Supervisor Dorn's Fifth District more well known."

Within the Fifth Supervisorial District there are five major health centers and five sub-centers. These include Alhambra Health Center, 612 W. Shorb St.; Glendale Health Center, 501 N. Glendale Ave.; North Hollywood Health Center, 5300 Tujunga Ave.; San Fernando Health Center, 604 S. Maclay Ave., and the Van Nuys Health Center, 14340 Sylvan St. Sub-centers in the Fifth District include Canoga Park, 7107 Remmett Ave.; Altadena, 2490 N. Lake Ave.; Antelope Valley, 44855 N. Cedar Ave.; Pacoima, 13300 Van Nuys Blvd., and Tujunga, 7747 Foothill Blvd.

Bethany Church Missionary Group

The Missionary Fellowship of Bethany Church of Sierra Madre, corner of Baldwin and Montecito Ave. will meet Tuesday, April 11. The days activities will begin with a workshop at 9:30 a.m. Luncheon will be served at 12 noon ($1.50 donation) — reservations may be made by calling 446-2526 or 355-1409 by April 9th.

Norman Nelson, nationally known Gospel Singer will be featured at the 1 p.m. afternoon meeting. Mr. Nelson's singing has inspired many world leaders and recently the tribes-people of remote mountain areas of Viet Nam. For the past fifteen years he has been a missionary with Overseas Crusades, Inc. After seven years of foreign service, with his wife and five children in the Philippines and traveling through the Orient, he was re-assigned as Director of Southern California and is also Overseas Crusades' "Singing Ambassador" traveling throughout the countries of the world.

Guests are welcome and encouraged to attend this special event.

READERS OF THE SIERRA MADRE NEWS REPRESENT THE CREAM OF THE BUYING PUBLIC

'Believe In Something Big' Is Title

"Believe In Something Big" is the challenge Dr. Margaret M. Stevens, minister, will present on Sunday, April 9 at the two identical services, 9:30 and 11:00 a.m. Child care is available for both services. There is ample parking available. The Santa Anita Church is located in Arcadia at 226 West Colorado Boulevard.

Junior Church meets at 11:00 a.m. The young people attend the opening 15 minutes of the service with their parents. Dr. Stevens gives them their own special sermonette, after which they leave for a brief assembly and then attend graded classes. We welcome you to share our Sunday services.

"What Does It Profit A Prophet" is the intriguing topic by Rev. Mary Jo Cooper to be presented to the Anitas on Wednesday evening, April 12 at 7:30 p.m. Refreshments will be served. All women are welcome to share this evening of good fellowship. The wives are invited to share the Men's Forum special program and to see the outstanding slide projection, "Invitation to India" with commentary by Nancy Morrison. Miss Morrison has traveled extensively and her pictures depict life "off the tourist" path. A potluck is planned for 7:00 p.m. Wednesday evening, April 12.

The Women's Class in Successful Living led by Dr. Stevens will meet at 11:00 a.m. Thursday, April 13. All ladies are invited to attend this class especially designed to help meet the needs of today's woman.

Los Amigos will sponsor bridge and games Friday evening, April 14, at 8:00 p.m. All are invited to join in the fellowship.

Commencing Monday, April 7, Dr. William R. Parker will be teaching a new series of Prayer Therapy classes. There is a 10:00 a.m. class and an evening class at 7:30 p.m. The groups are based on concepts as expressed in "Prayer Can Change Your Life" authored by Dr. Parker, which gives an insight into prayer for healing and health re-direction. Advance registration is required. Call the church office, 446-8206.

"Personality and Weight Control" classes have been very beneficial and well received. Monday, April 17 at 6:30 p.m. Dr. Parker will start this series of six classes. Learn why we eat too much and gain weight. A love offering is accepted and no pre-registration is required.

Seminarian At Faith Lutheran

In the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive, Seminarian Paul Theiss of Visalia will present the pulpit message on "Is Doubt Dangerous?"

The grandson of the Rev. George Theiss, who for many years served as Pastor of First Lutheran Church in Pasadena, the young man is a second-year student at Concordia Theological Seminary in St. Louis, Mo. Currently he is taking the accerdited Clinical Training Course at the California Hospital in Los Angeles.

The congregation's Sunday School and Bible classes will convene at 9. The youth classes will combine for an eight-week discussion course on "How Our Congregation Functions." Dr. Richard Kramb will direct the weekly sessions. He has invited congregational president, Robert Harbur to serve as the first of his resource people.

Scheduled for next week: the Sunday School Staff on Tuesday evening at 7:30; Lutheran Women's Missionary League day on Thursday, begining at 9:30 a.m.; Adult Church - Membership Study Class and Senior Choir rehearsal on Thursday at 8. The J-Y young people will meet on Saturday afternoon at 1:30.

Mr. Donald Hingst, chairman of the anniversary committee, states that plans are now being finalized for the celebration of the congregation's Twentieth Anniversary on Sunday, April 16. One of the events will be a 5:30 evening catered dinner and program for which reservations must be made by members, former members and friends before April 10, with Mrs. Marion Larson, 793-2778.

THE SIERRA MADRE NEWS READ BY THE PRIME OF THE MARKETING PUBLIC

Rev. Anderson Sets Sunday Topic

"The Sovereignity of God" is to be the sermon of the Rev. Richard J. Anderson at the Sierra Madre Congregational Church this Sunday.

In commenting on his sermon topic, Rev. Anderson said:

"One of the most startling aspects of the sovereignty of God is that it brings true feedom to man. Many people misunderstand the power of God. To many, God is either so weak He can't control the problems in our lives, or else He is so powerful that He predestines everything, and man is caught as a mere puppet in eternal bondage.

"Neither of these adequately describes the sovereign God of the Bible. The God we hear of in Scripture is so powerful that He can both control the destiny of people, nations, planets and stars, and at the same time give man the choice to serve Him or to rebel. It is in man's decision to choose God or reject Him that he determines his destiny. If man rejects God then he falls into darkness and bondage. If, however, man trusts God then he begins to experience a release from the bondage of fear, worry and anxiety. When we acknowedge the sovereignty of God and submit to Him we are set free from the bondage of trying to be false gods for ourselves."

The pastor concludes with, "Have you discovered the freedom of letting God be God?"

As Ives Sees It

HANDICAPPING WHAT BASEBALL RACE?

Assuming of course that cool heads will prevail and in fact there will be a baseball season in 1972, here is the way Old Hankus handicaps the National League pennant race.

IN THE WEST four teams are more than capable of winning. Los Angeles, San Francisco, Houston and Cincinnati are all pretty close. Hankus likes the overall Dodger balance with the addition of Frank Robinson and Tommy John. If pitching wins pennants, then Walter Alston's troops are in good shape with Singer, Sutton, Osteen, Downing and John all 20-win types. The bullpen is solid with Brewer, Richert, Mikkelson and the old man Wilhelm.

ALSTON without doubt has the deepest, most talented bench in baseball. He can start two front-liners at every position. The only real shortage might be behind the plate where Sims and Ferguson fall a bit short of Johnny Bench. Even if Wills and Robinson have to be rested now and then there is plenty of talent waiting in the wings.

HOUSTON looks like the best shot to beat the Dodgers. Harry Walker's chucking staff is really sound with the off-season gift of Roberts from San Diego. The big Cincy trade for May and Helms should also benefit and if Wynn comes back to his long range socking of 1970, watch these two battle to the wire.

CINCINNATI is our choice for the third spot and if several question marks happen to come around they will be right in the hunt. Tolan must bounce back as good as ever in centerfield and sore arm hurlers Merritt and Simpson must regain their touch.

SAN FRANCISCO could repeat as division champs but it is unlikely without the regular every day big bat of McCovey. Will Mays continue to contribute? Is Kingman a future superstar? Will McDowell settle down? Who will be winning pitchers behind Marichal and Sudden Sam? Too many question marks to put the Giants any higher than fourth, BUT they won't be very far back at the end.

ATLANTA should have enough to stave off San Diego for fifth place and could be higher if Cepeda's ailing knees come around and Carty can play an entire season.

IN THE EAST Hankus is putting the finger on St. Louis. Pitching is pretty fair with Wise, Gibson, Reuss and Cleveland plus good team speed and big bats.

Chosen Delegates To Seek Election

Four residents from the San Gabriel Valley area of Los Angeles County are among those chosen to seek election in the June Republican primary as delegates and alternate delegates pledged to the renomination and re-election of President Nixon.

California Republicans will vote on the delegation at the primary election June 6.

If elected, the San Gabriel Valley area of Los Angeles County will be represented by delegates: Mrs. Shirley C. Root of Hacienda Heights, State Controller Houston I. Flournoy of Claremont.

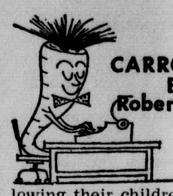

Alternates, who also have floor privileges at the convention, include: Kenneth R. Manning of Hacienda Heights, Mrs. Meda Lorraine Sodoma of Hacienda Heights.

Dept. Meet

A meeting Friday, April 7 of the Shakespeare Department of the Shakespeare Club of Pasadena will conclude the reading of "Much Ado About Nothing." Hostesses will be Mrs. Earle L. Hadley and Mrs. Don C. McMillan. Miss Helen Louise Taylor, director.

Call CITY HALL

McCOLL CONGRESS

lowing their children to participate in youth activities in the evening? Nowadays, even paper boys, a basic element in our free-market system, are now forced to collect for the paper before it gets too late. And, how would you like to be out collecting for a charity such as the heart funds around 8:00 p.m. with $30 to $50 in the collection can in some areas?

— CT —

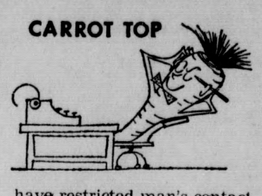

Remember when people didn't curtail their evening entertainment because of fear of going out? Now, there is the added burden of escorting the babysitter home — if one's lucky enough to find a babysitter whose parents allow here to sit in the evening.

— CT —

Remember when you could buy gasoline at all hours without having to have the exact change or a credit card? Or, when it was easy to find a market that stayed open late? Or, when you could freely go into public buildings? (Nowadays, you have to have a pass to get into the Los Angeles police building.)

— CT —

Remember bygone days when you felt the need to worship, a church was always open and available. No more. It's rare church that leaves its doors open to the public. Church burglaries

have restricted man's contact with God in houses built to bring man closer to his Maker.

— CT —

The joy of camping is diminished by the knowledge that outdoor enthusiasts have been mugged, robbed, and even murdered while camping in the wilderness.

— CT —

People now are legitimately concerned about buying vacation homes due to the increase in vandalism. Construction costs are increased because of the extra precautions that must be taken if youdo build.

— CT —

Along with this, one can't even leave gardening tools or water hoses lying around his own property because of the increase in theft.

— CT —

Remember when you used to go on vacation without the nagging fear that you might return to a ransacked home with most of your valuables stolen?

— CT —

The monetary cost involved in protecting your family and property must be fantastic — locks, burglar alarms, paying neighbors to watch your home while you are away on vacation, purchase of weapons, increase in insurance rates, and the cost of replacing stolen goods.

— CT —

The inconvenience of having to have the exact change for the bus and taxi fares; the difficulty in cashing checks; the inability to properly view merchandise at stores that are locked up due to shoplifting; the fear of riding public transportation — these and all the other things mentioned are the ramifications of crime.

— CT —

The manner in which many Californians live is an example of a people in seige. It is a sad commentary on the part of government when society is forced to lock itself behind doors in an effort to protect itself, when the protection of society is the chief reason for the existence of government.

— CT —

There is no need for this to happen. We at one time had safe streets. The criminal was locked in jail and kept there for a while. There is no reason why we can't provide for our children the same freedoms that we enjoyed in our youth.

— CT —

There is also no mystery in why crime is on the increase. Our courts, the administrative officeholders that run the prisons, the departments of parole and probation — all have been so concerned over the well being of the law breaker that the criminal has little fear of being incarcerated. There is no fear of the law today. When we once again insist on speedy and lengthy punishment for crimes against the innocent, then and only then will our streets become safe.

— CT —

Crime is a cancer. It must be eliminated whenever possible or it will consume the body that tolerates its existence. I hope, I hope, I hope.

Two County Children Lose Lives In Fires Involving Fuel

The increasing use of gasoline in the home and garage is fast becoming an alarming problem, according to Sierra Madre Fire Chief Charles Brown.

Three recent fires in the county has cost two children's lives and brought critical injuries to a third, the chief said.

"The main problem with gasoline is that we use it daily in our cars, motorcycles, motorbikes and lawn mowers, and take it for granted that it is same," Chief Brown said. "Gasoline is always dangerous when improperly handled and can cause an instant and violent explosion resulting fire."

Gasoline at room temperature gives off invisble vapors which are heavier-than-air. They travel unseen for a great distance along the ground or floor and if they reach the pilot light of a water heater or other ignition source, the vapors will ignite. They then will flash back to the source of gasoline, a pan or can.

The chief gave these reminders:

1. Never use gasoline for cleaning. Fire-safe products are available and will do a satisfactory job.

2. Be alert for a gasoline leak from the tank of a car or motorcycle just after the tank has been filled. Gasoline can expand and leak onto the garage floor. The water heater in a garage is a good ignition source.

3. Do not handle gasoline inside the garage or a building. Use it outside where vapors can dissipate.

4. Store gasoline only in metal cans with tight fitting lids. Glass or plastic containers can be knocked over and broken, spilling the flammable fluid.

5. Do not put gasoline into the washing machine or any appliance not specifically built to handle flammable liquids.

6. If you have a fire or explosion call your Sierra Madre Volunteers at once, 355-1401 emergency.

Hastings Ranch

Hastings Ranch chairman of Youth Groups Mrs. Emmett Hoolihan is at present working to coordinate the various committees responsible for the Roundup Breakfast, with plans for expanding recreational facilities for the Teen Groups in the Hamilton Park Teen Centre Area.

In past years, according to Honorary Mayor Creato Smiley ticket sales have totalled close to 2,000. Pancake Breakfast chairman Bill Hagen of the Hastings Ranch Board Association, hopes to exceed that total in sales.

William Simmons On Dean's List

Honor students for the fall semester at Claremont Men's College were named this week by Mrs. Katharine Lowe, registrar. The Deans List, comprised of students with a grade point overage of at least 3.0, numbered 247. Distinguished scholars, those with an average of 3.5 or above, totaled 196.

The two lists contain 44 per cent of the freshmen; 58 per cent of the sophomores; 57 per cent of the juniors; and 64 per cent of the seniors. Qualifying for the Dean's List from Sierra Madre was William Simmons, a junior, son of Mr. and Mrs. F. William Simmons, 435 N. Lima.

Attend the Church of your Choice this Sunday; you will always meet your friends there

LEGAL NOTICE

SIERRA MADRE NEWS

ORDINANCE NO. 886

AN ORDINANCE OF THE CITY OF SIERRA MADRE AMENDING SECTION 8303 OF THE SIERRA MADRE CITY CODE RELATING TO WATER REVENUE

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN:

SECTION 1. Section 8303 of the Sierra Madre City Code is hereby amended to read as follows:

Sec. 8303. Water Revenue Funds.

All monies received by the City from the operations of the Water Department shall be credited to a "Water Revenue Fund." All monies paid out of such funds shall be upon warrants duly drawn in the manner prescribed by law. None of such funds shall be used for any purpose other than:

1) the operation and maintenance of the Water Department, including not more than 13% of the water revenues transferred out of such fund to other City funds as reimbursement for water related services.

2) capital improvements for the Water Department; and

3) to pay the principal and interest of any revenue bonds relating to the Water Department.

SECTION 2. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in the City of Sierra Madre.

APPROVED and ADOPTED this 28th day of March, 1972.

Ralph R. Rule
Mayor of the City of
Sierra Madre, California

SIERRA MADRE NEWS

ORDINANCE NO. 885

AN ORDINANCE OF THE CITY OF SIERRA MADRE AMENDING THE SIERRA MADRE CITY CODE BY REPEALING SECTIONS 7100 A THROUGH F AND ADDING NEW PART 4 OF ARTICLE VI, SECTIONS 6400 THROUGH 6400.14, RELATING TO PROPERTY NUISANCES.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN:

SECTION 1. The City Council finds and determines that the existence of the conditions hereinafter set forth is injurious and inimical to the public health, safety and welfare of the residents of this City and contributes substantially and increasingly to the problems of, and the necessity for, excessive and disproportionate expenditures for protection against hazards and dimunition of property values, prevention of crime, and the preservation of the public health and safety and the maintaining of adequate police, fire and accident protection; that such problems are becoming increasingly direct and substantial in significance and effect; and that the uses and abuses of property as described herein reasonably relate to the proper exercise of the police power in protecting the health, safety or welfare of the public, and are reasonably encompassed with the purview of the authorizations granted by Sections 65800, et seq., Section 38660, Sections 38771, et seq., and Sections 39500, et seq., of the California Government Code and by Article 11, Section 7, of the California Constitution.

SECTION 2. The City Council further finds and determines that unless corrective measures are undertaken to alleviate such existing conditions, and particularly to avoid future problems in this regard, the public health, safety and general welfare, and specifically the property values and social and economic standards of this community will be depreciated; that the abatement of such conditions will enhance the appearance and value of such properties rather than be a burden on the owners thereof; and that the abatement of such conditions will also appreciate the values and appearance of neighboring properties and benefit the use and enjoyment of properties in the general area, and will ultimately improve the tax base, general welfare and image of the City; and that the abatement procedures set forth in this Article are reasonable and afford a maximum of due process and procedural guarantees.

SECTION 3. New Part 4, comprising new Sections 6400 through 6400.12, reading as follows, is hereby added to Article VI of the Sierra Madre City Code:

Part 4 — Property Nuisances.

Section 6400. Maintenance of Property: Nuisances.

It is hereby declared a public nuisance for any person owning, leasing, occupying or having charge or possession of any premises in this City to maintain such premises in such manner that any of the following conditions are found to exist thereon:

(a) buildings or structures which are structurally unsafe or which are not provided with adequate egress or which constitute a fire hazard; or which are otherwise dangerous to human life; or which in relation to existing use constitute a hazard to safety or health or public welfare by reason of inadequate maintenance, dilapidation, obsolescence or abandonment.

(b) buildings or structures maintained in violation of Section 203(a) of the Uniform Building Code of the City.

(c) land, the topography, geology or configuration of which, whether: i) in natural state; or ii) as a result of grading operations; iii) or because of inadequate drainage facilities; or iv) due to improper maintenance of irrigation, planting or erosion control facilities, causes erosion, subsidence, or surface water run-off problems of such magnitude as to constitute a nuisance or be injurious or potentially injurious to the public health, safety and welfare or to adjacent properties;

(d) premises maintained so as to constitute a fire hazard by reason of woods, brush and weeds, rank overgrowth or accumulation of debris;

(e) buildings which are abandoned, boarded up, partially destroyed, or left unreasonably in a state of partial construction;

(f) unpainted buildings causing dry rot, warping and termite infestation;

(g) broken windows constituting hazardous conditions and inviting trespassers and malicious mischief;

(h) overgrown vegetation;

i) likely to harbor rats, vermin and other nuisances; or

ii) causing detriment to neighboring properties or property values.

(i) dead trees, weeds, brush and debris;

i) constituting unsightly appearance, or

ii) dangerous to public safety and welfare, or

iii) detrimental to nearby property or property values

(j) trailers, campers, boats and other mobile equipment stored for unreasonable periods in front yard areas and causing depreciation of nearby property values;

(k) inoperable or abandoned motor vehicles stored for unreasonable periods in front yard areas and causing depreciation of nearby property values;

(l) attractive nuisances dangerous to children in the form of:

i) abandoned and broken equipment,

ii) hazardous pools, ponds and excavations, and

iii) neglected machinery;

(m) broken or discarded furniture and household equipment in front yard areas for unreasonable periods;

(n) clothes lines in front yard areas;

(o) garbage cans stored in front or side yards and visible from public streets;

(p) packing boxes and other debris stored in yard and visible from public streets for unreasonable periods;

(q) neglect of premises;

i) to spite neighbors, or

ii) to influence zone changes, or

iii) to cause detrimental effect upon nearby property or property values.

(r) maintenance of premises in such condition as to be detrimental to the public health, safety or general welfare or in such manner as to constitute a public nuisance as defined by Civil Code Section 3480;

(s) property maintained in such condition as to become so defective, unsightly, or in such condition of deterioration or disrepair that the same causes depreciable diminution of the property values of surrounding properties or is materially detrimental to proximal properties and improvements;

(t) maintenance of premises so out of harmony or conformity with the maintenance standards of adjacent properties as to cause substantial diminution of the enjoyment, use, or property values of such adjacent properties;

(u) property maintained (in relation to others) so as to establish a prevalence of depreciated values, impaired investments, and social and economic maladjustments to such an extent that the capacity to pay taxes is reduced and tax receipts from such particular area are inadequate for the cost of public services rendered therein;

(v) any building or structure which has any or all of the following conditions or defects:

i) Whenever any door, aisle, passageway, stairway or other means of exit is not of sufficient width or size, or is not so arranged as to provide safe and adequate means of exit, in case of fire or panic, for all persons housed or assembled therein who would be required to, or might, use such door, aisle, passageway, stairway or other means of exit.

ii) Whenever the stress in any materials, member or portion thereof, due to all dead and live loads, is more than one and one-half times the working stress or stresses allowed in the Uniform Building Code.

iii) Whenever any portion thereof has been damaged by earthquake, wind, flood, or by any other cause, in such a manner that the structural strength or stability thereof is appreciably less than it was before such catastrophy and is less than the minimum requirements of this Code for a new building of similar structure, purpose or location.

iv) Whenever any portion or member or appurtenance thereof is likely to fail, or to become detatched or dislodged, or to collapse and thereby injure persons or damage property.

v) Whenever any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting a wind pressure of one-half that specified in the Uniform Building Code without exceeding the working stresses permitted in the Uniform Building Code.

vi) Whenever any portion thereof has settled to such an extent that walls or other structural portions have materially less resistance to winds or earthquakes than is required in the case of new construction.

vii) Whenever the building or structure, or any portion thereof, because of dilapidation, deterioration, decay, faulty construction, or because of the removal or movement of some portion of the ground necessary for the purpose of supporting such building or portion thereof, or some other cause, is likely to partially or completely collapse, or some portion of the foundation or underpinning is likely to fall or give way.

viii) Whenever, for any reason whatsoever, the building or structure, or any portion thereof, is manifestly unsafe for the purpose for which it is used.

ix) Whenever the exterior walls or other vertical structural members list, lean or buckle to such an extent that a plumb line passing through the center of gravity does not fall inside the middle one-third of the base.

x) Whenever the building or structure, exclusive of the foundation, shows 33 percent or more of damage or deterioration to the member or members, or 50 percent of damage or deterioration of a non-supporting enclosing or outside wall or covering.

xi) Whenever the building or structure has been so damaged by fire, wind, earthquake, or flood, or has become so dilapidated or deteriorated as to become an attractive nuisance to children who might play therein to their danger, or as to afford a harbor for vagrants, criminals or immoral persons, or as to enable persons to resort thereto for the purpose of committing nuisance or unlawful or immoral acts.

xii) Any building or structure which has been constructed or which now exists or is maintained in violation of any specific requirement or prohibition, applicable to such building or structure of the building regulations of this city, as set forth in the Uniform Building Code or Uniform Housing Code, or of any law or ordinance of this State or city relating to the condition, location or structure of buildings.

xiii) Any building or structure which, whether or not erected in accordance with all applicable laws and ordinances, has in any nonsupporting part, member or portion, less than 50 percent, or in any supporting member less than 66 percent of the strength, fire-resisting qualities or characteristics or weather resisting qualities or characteristics required by law or ordinance in the case of like area, height and occupancy in the same location.

xiv) Whenever a building or structure, used or intended to be used for dwelling purposes, because of dilapidation, decay, damage or faulty construction or arrangement, or otherwise, is unsanitary or unfit for human habitation or is in a condition that is likely to cause sickness or disease when so determined by the Health Officer, or is likely to work injury to the health, safety or general welfare of those living within.

xv) Whenever the building or structure, used or intended to be used for dwelling purposes, has light, air, and sanitation facilities inadequate to protect the health, safety or general welfare of persons living within.

xvi) Whenever any building or structure, by reason of obsolescence, dilapidated condition, deterioration damage, electric wiring, gas connections, heating apparatus, or other cause, is in such condition as to be a fire hazard and is so situated as to endanger life or other buildings or property in the vicinity or provide a ready fuel supply to augment the spread and intensity of fire arising from any cause.

Section 6400.1. Same. Abatement by repair, rehabilitation, demolition or removal.

All or any part of premises found, as provided herein, to constitute a public nuisance shall be abated by rehabilitation, demolition, or repair pursuant to the procedures set forth herein. The procedures set forth herein shall not in any manner, however, limit or restrict the City from enforcing City Ordinances or abating public nuisances in any other manner provided by law.

Section 6400.2. Same. Declaration of Nuisance.

Whenever the Zoning Board finds, based upon applicable staff reports and recommendation, that any premises within the City may be maintained contrary to one or more of the provisions of Section 6400, then the Zoning Board shall by resolution declare its intention to conduct a public hearing to ascertain whether the same constitutes a public nuisance, the abatement of which is appropriate under the police power of the City. Said resolution shall describe the premises involved by street address, referring to the street by the name under which it is officially or commonly known, shall further describe the property by giving the lot and block number thereof, shall give a brief description of the conditions contrary to the provisions of Section 6400 hereof, and a brief statement of the methods of abatement thereof.

Section 6400.3. Same. Notice of Hearing to Abate.

Within 30 days after the passage of said resolution by the Zoning Board, the Secretary of the Zoning Board shall cause to be conspicuously posted on the premises a certified copy of such Resolution, and a notice of the time and place of hearing before the Zoning Board, which said notice shall be titled: "NOTICE OF HEARING" in letters not less than one inch in height and shall be substantially in the following form:

NOTICE OF HEARING
TO DETERMINE EXISTENCE OF PUBLIC NUISANCE AND TO ABATE IN WHOLE OR PART

Notice is hereby given that on the ..... day of ....., the Zoning Board of the City passed a resolution declaring its intent to ascertain whether certain premises situated in the City of Sierra Madre, State of California, known and designated as ..... in said City, and more particularly described as Lot No. ..... Tract No. ..... constitute a public nuisance subject to abatement by the rehabilitation of such premises or by the repair or demolition of buildings or structures situated thereon. If said premises, in whole or part, are found to constitute a public nuisance as defined by Section 6400 of this Code and if the same are not promptly abated by the owner, such nuisances may be abated by municipal authorities, in which case the cost of such rehabilitation, repair or demolition will be assessed upon such premises and such cost will constitute a lien upon such land until paid. (Reference is hereby made to Resolution No. ..... on file with the Secretary of the Zoning Board, for further particulars.)

Said alleged violations consist of the following:

The methods of abatement available are:

All persons having any objection to, or interest in said matters are hereby notified to attend a meeting of the Zoning Board of the City to be held on the ..... day of ....., ... at the hour of ..... M. when their testimony and evidence will be heard and given due consideration.

DATED: This ..... day of ....., 19.....

.....
Secretary of the Zoning Board

Section 6400. 4. Same. Posting and Serving Notice.

The Secretary of the Zoning Board shall caused to be served upon the owner of each of the affected premises, one copy of said notice and a certified copy of the Resolution of the Zoning Board, in accordance with the provisions of Section 6400.5. hereof.

Said notices and Resolutions shall be posted and served, as aforesaid, at least fifteen (15) days before the time fixed for such hearing; proof of posting and service of such notices and Resolutions shall be made by affidavit filed with the Zoning Board.

Section 6400.5. Same. Form of Proper Service of Notice.

Service of said notice and Resolution shall be by service upon the owner of the affected premises as such owner's name and address appears on the last equalized assessment roll if he is found within the City limits; or if he is not fcund within the City limits, by depositing a copy of said notice and Resolution in the U.S. postal service enclosed in a sealed envelope and with the postage thereon fully prepaid. Said mail shall be registered or certified and addressed to said owner at the last known address of said owner and if there is no known address, then in care of the property address. The service is complete at the time of such deposit. "Owner" as used herein shall mean any person in possession and also any person having or claiming to have any legal or equitable interest in said premises as disclosed by a lot book report from any accredited title company. The failure of any person to receive such notice shall not affect the validity of any proceedings hereunder.

Section 6400.6. Same. Hearing by Zoning Board.

1. At the time stated in the notices, the Zoning Board shall hear and consider all relevant evidence, objections or protests, and shall receive testimony from owners ,witnesses, City personnel and interested persons relative to such alleged public nuisance and to proposed rehabilitation, repair or demolition of such premises. Said hearing may be continued from time to time.

2. Upon the conclusion of said hearing, the Zoning Board shall, based upon such hearing, determine whether the premises, or any part thereof, as maintained constitutes a public nuisance as defined herein. If the Zoning Board finds that such public nuisance does exist and that there is sufficient cause to rehabilitate, demolish or repair the same, the Zoning Board may by resolution declare such premises to be a public nuisance and order the abatement of the same within thirty (30) days, by having such premises, buildings, or structures, rehabilitated, repaired or demolished in the manner and means specifically set forth in said resolution. The decision of the Zoning Board shall be final in the absence of an appeal therfrom to the City Council as hereinafter provided.

Section 6400.7. Same. Service on Owner of Resolution to Abate.

A copy of the resolution of the Zoning Board ordering the abatement of said nuisance shall be served upon the owners of said property in accordance with the provisions of Section 6400.5. and shall contain a detailed list of needed corrections and abatement methods. Any property owner shall have the right to have any such premises rehabilitated or to have such buildings or structures demolished or repaired in accordance with said resolution and at his own expenses provided the same is done prior to the expiration of said thirty (30) day abatement period. Upon such abatement in full by the owner, then proceedings hereunder shall terminate.

Section 6400.8. Same. Action by City Council—Appeal.

1. **Appeal.** Any person entitled to service under Section 6400.5 may appeal from the decision of the Zoning Board by filing at the office of the City Clerk within fifteen (15) days from the date of service of such decision, a written, dated appeal, containing:

(a) A heading in the words "Before the City Council".

(b) A caption reading: "Appeal of ....., ..." giving the names of all appellants participating in the appeal.

(c) A brief statement setting forth the legal interest of each of the appellants in the building or the land involved in the notice and order.

(d) A statement in ordinary and concise language of the specific order or action protested, together with any material facts supporting the contentions of the appellant.

2. **Hearing.** As soon as practicable after receiving the written appeal, the City Clerk shall set a date for hearing of the appeal by the City Council, which date shall be not less than ten (10) days nor more than forty-five (45) days from the date the appeal was filed. Written notice of the time and place of the hearing shall be given, at least ten (10) days prior to the date of the hearing, to each appellant by the City Clerk either by causing a copy of such notice to be delivered to the appeallant personally or by mailing a copy thereof, postage prepaid, addressed to the appellant at his address shown on the appeal. Continuances of the hearing may be granted by the City Council on motion of either party for good cause shown, or on the City Council's own motion.

3. **Decision.** Upon the conclusion of the hearing on such appeal, the City Council shall by Resolution either:

(a) Terminate the proceedings;

(b) Confirm the action and decision of the Zoning Board; or

(c) Modify such decision based upon evidence adduced at said hearing.

In the cases of alternatives (b) or (c) the Resolution shall declare such premises to be a public nuisance and order the abatement of the same within thirty (30) days or such other period of time as may be fixed by order of the City Council by having such premises, buildings, or structures rehabilitated, repaired or demolished in the manner and means specifically set forth in said Resolution.

Section 6400.9. Same. Service on Owner of Resolution by City Council.

If, on appeal, the City Council declares or confirms the existence of a public nuisance, a copy of the resolution of the City Council ordering the abatement of said nuisance shall be served upon the owners of said property in accordance with the provisions of Section 6400.5 and shall contain a detailed list of needed corrections and abatement methods. Any property owner shall have the right to have any such premises rehabilitated or to have such buildings or structures demolished or repaired in accordance with said resolution and at his own expenses provided the same is done prior to the expiration of said thirty (30) day abatement period. Upon such abatement in full by the owner, then proceedings hereunder shall terminate.

Section 6400.10. Same. Abatement by City.

If such nuisance is not completely abated by the owner as directed within said thirty (30) day period, then the Zoning Board, or if the matter was appealed to the City Council pursuant to Section 6400.8, the City Council may direct the City Engineer to cause the same to be abated by City forces or private contract and the City Engineer is expressly authorized to enter upon said premises for such purpose.

Section 6400.11. Same. Record of Cost for Abatement.

The City Engineer shall keep an account of the cost (including incidental expenses) of abating such nuisance on each separate lot, or parcel of land where the work is done and shall render an itemized report in writing to the said body ordering the abatement, as specified in Section 6400.10 hereof, showing the cost of abatement and the rehabilitating, demolishing or repairing of said premises, buildings or structures, including any salvage value relating thereto; provided that before said report is submitted to the directing body as specified in Section 6400.10, a copy of the same shall be posted for at least five (5) days upon such premises, together with a notice of the time when said report shall be heard by the Zoning Board or City Council for confirmation; a copy of said report and notice shall be served upon the owners of said property, in accordance with the provisions of Section 6400.5, at least five (5) days prior to submitting the same to the Zoning Board or City Council; proof of said posting and service shall be made by affidavit filed with the City Clerk. The term "incidental expenses" shall include, but not be limited to the actual expenses and costs of the City in the preparation of notices, specifications and contracts, and in inspecting the work, and the costs of printing and mailing required hereunder.

Section 6400.12. Same. Report — Hearing and Proceedings.

At the time and place fixed for receiving and considering said report, the directing body as specified in Section 6400.10 shall hear and pass upon the report of the City Engineer, together with any objections or protests. Thereupon said directing body may make such revision, correction or modification in the report as it may deem just, after which by resolution the report, as submitted or as revised, corrected or modified, shall be confirmed. The decision of said directing body on all protests and objections which may be made shall be final and conclusive

Section 6400.13. Same. Assessment of Costs against Property — Lien.

The total cost for abating such nuisance, as so confirmed by the directing body as specified in Section 6400.10, shall constitute a special assessment against the respective lot or parcel of land to which it relates, and upon recordation in the Office of the County Recorder of a Notice of Lien, as so made and confirmed, shall constitute a lien on said property for the amount of such assessment.

(a) After such confirmation and recordation, a copy may be turned over to the Tax Collector for the City, whereupon it shall be the duty of said Tax Collector to add the amounts of the respective assessments to the next regular tax bills levied against said respective lots and parcels of land for municipal purposes, and thereafter said amounts shall be collected at the same time and in the same manner as ordinary municipal taxes are collected, and shall be subject to the same penalties and the same procedure under foreclosure and sale in case of delinquency as provided for ordinary municipal taxes; or

(b) After such recordation such lien may be foreclosed by judicial or other sale in the manner and means provided by law.

(c) Such Notice of Lien for recordation shall be in form substantially as follows:

NOTICE OF LIEN

(Claim of City of Sierra Madre)

Pursuant to the authority vested by the provisions of Section 6400 of the Sierra Madre City Code, the City Engineer of the City of Sierra Madre did on or about the ..... day of ....., 19...., cause the premises hereinafter described to be rehabilitated or the building or structure on the property hereinafter described, to be repaired or demolished in order to abate a public nuisance on said real property; and the (City Council or Zoning Board) of the City of Sierra Madre did on the ..... day of ....., 19.... assess the cost of such rehabilitations, repair or demolition upon the real property hereinafter described; and the same has not been paid nor any part thereof; and that said City of Sierra Madre does hereby claim a lien on such rehabilitation, repair or demolition in the amount of said assessment; to-wit: the sum of $..... ; and the same shall be a lien upon said real property until the same has been paid in full and discharged of record.

The real property hereinbefore mentioned, and upon which a lien is claimed, is that certain parcel of land lying and being in the City of Sierra Madre, County of Los Angeles, State of California, and particularly described as follows:

(DESCRIPTION)

DATED: This ..... day of ....., 19.....

City Engineer of the
City of Sierra Madre

(ACKNOWLEDGEMENT)

Section 6400.14. Same Alternatives.

Nothing in the foregoing Sections shall be deemed to prevent the directing body as specified in Section 6400.10 from ordering the City Attorney to commence a civil or criminal proceeding to abate a public nuisance under applicable Civil or Penal Code provisions as an alternative to the proceedings set forth herein.

Section 6400.15. Repeal Sections 7100 A through F.

Sections 7100 A through F of the Sierra Madre City Code are hereby repealed provided that such repeal shall not prejudice actions, decisions or procedures pending under section provisions.

SECTION 4. SEVERABILITY. If any section, sentence, clause or phrase of this Ordinance is for any reason held by a court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council of the City hereby declares that it would have passed and does hereby pass this Section and each sentence, section, clause and phrase hereof, irrespective of the fact that any one or more sections, sentences, clauses or phrases be declared invalid or unconstitutional.

SECTION 5. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in the City of Sierra Madre.

APPROVED and ADOPTED this 28th day of March, 1972.

Editorially Speaking

State Control?

The property tax is under assault nearly everywhere today, in the court and at the ballot box. It is championed by many cities and towns of America, because it provides 87 per cent of all local tax revenues. Even so, it is clear that neither concerned taxpayers nor the courts will be satisfied until the property tax is restructured into something quite different from what it is today.

There was a time in United States history when government's reliance on property tax made a great deal of economic sense. In colonial days, wealth meant farm land, buildings, livestock, jewelry, and such items that could be seen or touched. The property tax was truly a levy on wealth.

The impetus for change in our State was the California Supreme Court's six-to-one ruling in the Serrano v. Priest case. The courts have not in any sense outlawed the property tax. Rather, they held that education expenditures cannot be allowed to vary from school district to school district because of accidental uneveness in the distribution of wealth.

Recently the findings of the President's Commission on School Finance gave added credence to these needs as we have recognized them in California.

The Commission recommended that the states take over the major burden of paying for public schools. Although the Commission did not go nearly as far as some officials had expected, it stated clearly that reliance on the local property tax must be reduced. Provision would be made for incentives to state governments, enabling them to switch over to state-financed education in five years.

For the states to accomplish the shift, they would receive between $4.6 billion and $7.8 billion over the next five years as an incentive for assuming the financing effort now being made by the 17,500 local school districts. An additional outlay of $1 billion a year will be needed to help the inner city schools through a federal matching program.

It is apparent that if the local property tax is cast aside, someone will have to come up with a lot of money in a hurry. As our State Controller Houston Flournoy puts it: "I suspect those who want to eliminate the property tax for education are not quite sure how much is now raised by the local school tax on property." In fact, it comes to $3 billion, against $2 billion from the sales tax and $1.5 billion from personal income taxes.

The emphasis of the report was that education is largely a responsibility of the states, and that the federal role in financing education should be only supplementary. The Commission, headed by Neil McElroy, chairman of the board of Proctor and Gamble and a secretary of defense in the Eisenhower Administration, said the nation's school system is "in serious trouble, and if we fail to recognize it, our country's chance to survive will all but disappear."

The Commission concluded that "the best way for the states to reform their tax structures for education is to reduce the current reliance on property taxes and transfer the fund raising mechanism to the states."

Weakening the Free Press

An excellent example of the inherent inequity of government controls over the marktplace can be seen in the publishnig business. Magazine and newspaper publishrs are subject to Phase II guidelines but not the Postal Service which is free to raise postage rates to any level it deems necessary. In the second-class category, postal rates are slated to increase about 150 per cent over five years. Third-class postal rates increases are following a similar trend. The net result of all this is that there is likely to be a gradual drying up of the flow of news and information upon which the public depends to arrive at fair and reasonable conclusions on important issues of the day.

If publications can be put out of business through postal rate increases, the question of the censorship of the press becomes academic. There will be very little press to censor and the written word as an element of the right of free speech will steadily diminish in importance as insolvency thins the ranks of America's thousands of daily and weekly newspapres as well as the nation's magazines.

Fame Is Fickle

Clifford Irving and his wife reached a new plateau of publicity and fame — notoriety if you prefer — when they pleaded guilty to federal charges of conspiracy and county charges of grand larceny and conspiracy.

They achieved their eminence through a complex plan to produce and sell for a very large sum what they now admit was a fabricated "biography" of Howard Hughes. Word has it that they now hope to recoup their probable fine, and compensate the duped publisher, by writing and selling a book about their ill-fated book. More headlines.

A word of caution, however, to the Irvings. Fame is ficle. Not long ago the spotlight was focused on the purloiner of the Pentagon papers. You know . . . ah . . . . uh . . . old what's-his-name?

$trike Three!

Baseball isn't quite what it used to be in the days of peanuts and popcorn and crackerjack when nobody paid or made very much money out at the old ball park; but despite the encroachment of professional football it still is the national pastime to a great portion of the American public.

The major league version of if comes back to California in full glory the first two weeks of April. There'll be as many dollar signs tossed around this year as baseballs, as salaries go up and up, and the umps may get special pleasure out of telling a wealthy superstar "$trike three, y're out!"

It'll still be fun and the crowds will turn out to see the Giants get their first whacks in a refurbished Candlestick Park, the Dodgers parade their new players, the Athletics, Padres and Angels making their bids for a new start toward glory.

Who knows? Maybe this is the year for another World Series out here.

"Stopping on the freeway is one of the most dangerous things that the average motorist can do," warns the Portland, Oregon, Traffic Safety Commission. "Don't take chances with a nearly empty gas tank or badly worn tires — a chance that might leave you stalled like a 'sitting duck' on a high speed highway."

SPORTS AS Hank Ives SEES IT

BRUINS SOMETHING ELSE

IF ANYONE beats U C L A this season it will have to be the Lakers or Bucks. Johnny Wooden's gang should be 3 to 5 to trounce any of their NCAA playoff foes. The Bruins can have an off night and only win by maybe a dozen. Their win over a good Cal State Long Beach team only emphasizes the over all Uclan strength.

If the Bruins have a weakness no one has found it yet. And they aren't likely to locate it in the 1972-73 campaign either. Good grief, most of the really good cats are just sophomores. Only Henry Bibby will be missing and there are five or six excellent freshmen ready to step right in.

WALTON is a tower of strength. Great on defense and always around to follow up missed shots on offense. He can do it all. Keith Wilkes plays like a veteran and is particularly aggressive on the offensive boards. It's an awesome aggregation and just figures to get better.

No one can underplay the great contributions of Henry Bibby. He is always at his best in the playoffs and has an unstoppable shot from the baseline. But, as good as he is, there is so much talent available for next year that Bibby will hardly be missed.

OLD HANKUS had a couple of calls about last week's column. Like why did I knock George Terzian and the Pasadena Bulldogs for losing to Verbum Dei in the CIF finals?

Admittedly there was a shade of bitterness in the column. After 29 years PHS had a great shot at winning the whole bundle of wax. They blew it. Tell me, weren't you disappointed?

At the same time, Old Hankus had no desire to knock a truly spirited and talented team that went a long way without the benefit of a giant center. After all what's wrong with a 29-2 year? That includes winning the McLance Tournament and of course the Pacific League title.

THREE BULLDOGS made the All-League squad, center Bobby Taylor, who has to be considered a diamond in the rough by collegiate recruiters, forward Mal Kennedy and guard George Tucker. It was a calm, cool team, that often came back from large deficits to turn defeat into victory.

What's more, Terzian can look forawrd to a sound club again next year. He will have Tucker, Davis and Zopfi back as a nucleus. My daughter Debbie says Danny Davis is real good, and she knows more than a little about basketball. I'll take her word for it. All the way in '73 you Bulldogs.

ODDS AND ENDS . . . LA SALLE placed two players on the All-Santa Fe loop team in Mark Charvate, who aevraged 22.3 points per game and Ken Brown, 15.7 . . . PCC'S Larry Pounds, a 19--point and 10 rebound per game man, will be on the 14-man California Olympic Trial basketball team that tries out in London, Kentucky next week.

WHAT A SHAME that Stan Smith found his game AFTER the local May Co. Tourney was played at the Sports Arena. Stan is a Pasadenan, but lost his very first match in the May Co. outing. He hasn't lost since . . . I must remind myself to check with Joe Bluetrich at the Pasadena Dept. of Recreation to see how many years we have had Nite Owl Softball at Brookside Park. I remember watching the Senders Service, Viberts, Fire Dept., Post Office and Megniars teams when I was a little kid. Now you know it has been going on for awhile.

LOOKS AS THOUGH Darrell Evans will start at thirdbase for Atlanta this year. He banged 12 homers in about a half a season but must improve on his .242 batting average and watch his throws to firstbase . . . CALIFORNIA landed P C C center Kevin O'Dorisio. He is an excellent prospect at a difficult position Offensive tackle Fred Weber might also find his way to Bearville.

DATE TO REMEMBER . . . The $42,000 Suzuki Women's Internationalc Golf Classic is all set for Brookside Golf Course May 11-14.

Drought Closes Cogswell Lake To Fishermen

Low water resulting from Southern California drought conditions have prompted a decision by the Angeles National Forest and the Los Angeles County Flood Control District to not open Cogswell Reservoir for spring fishing this year.

Located in a steep canyon north of Sierra Madre in the Angeles National Forest Cogswell Reservoir is a flood control lake built and operated by the County Flood Control District.

During years of more normal rainfall fishermen have frequently reported that fishing along the lakes two mile shoreline has been excellent.

The lake was first opened to local anglers by act of the County Supervisors in 1971. Despite limited access for vehicles and non-existent parking hundreds of avid Southland anglers treked in over hot, dusty trails to try their luck during the month long 1971 season.

Forest Service District Ranger Erwin Ward said low water level exposes the nearly verticle banks along the reservoir shore making public use hazardous. Ward also stated public safety conditions will be carefully evaluated each year and that whenever possible the Forest Service and the Flood Control District will open Cogswell to walk-in fishermen.

Tax Reform Plan Given Assn. Support

Support of the County Supervisors Assn. property tax reform program — designed to provide immediate property tax reductions for homeowners—was voted recently by the Board of Supervisors on motion of chairman Warren Dorn.

Dorn said that under the plan, homeowners will receive additional property tax reductions through an increase in exemptions.

"Also, renters, who now receive no consideration for property taxes paid as a portion of their rent, would be allowed special income tax credits," added Dorn, who helped draft the program.

Meanwhile, the Supervisor said he will continue to pursue approval of his state constitutional amendment to lift from property taxpayers the burden of state-dictated social welfare programs.

The Dorn tax relief amendment also calls for the state to provide to cities and counties the necessary funds to carry out state-mandated programs.

K. Savage Enters WAC's

Karen E. Savage, daughter of Mrs. Esther E. Savage, 3701 E. Chapman No. 9, Orange, recently enlisted in the Army reserve through the Women's Army Corps College Junior Program.

SFC Donald Isberg, U.S. Army Recruiter at 1728 Tustin Ave., Orange, explained that Karen will spend the month of July at Fort McClellan, Ala., going to classes and generally becoming acquainted with the life of a WAC Officer. There is no obligation incurred beyond the four weeks, however if she chooses she may remain in the reserves and apply for a commission upon graduation from college.

Miss Savage is a senior at Chapman College, majoring in History. She is a member of the Grand Land Singers, and was a member of the Santa Ana College Drill Team.

Letters To The Editor

Dear Editor:

This Government's wild deficit spending threatens our national survival. Taxes are soaring. When will it stop?

Our Government MUST set its financial house in order. What is needed is a ceiling on deficit spending. The 49-year-long fiscal nightmare must end—NOW!

I urge you to write your Congressmen to support H. J. Res. 907 which proposes a Constitutional Amendment to absolutely limit Federal spending.

Flexible School Yr. Aim

Year-Round Education Studies Now Underway

More than 600 school districts in the United States are studying the possibilities of expanding the school year to stretch their educational dollars.

The idea is to operate elementary and high schools on a 12-month basis, offering full instructional programs at all times instead of running on a nine-month schedule with limited summer sessions. In a recent survey of 333 educational authorities, about 84 per cent of them predicted all schools will be open the year round within the next 15 years.

Year-round education was tried briefly in the 1800's, revived in a few places at the turn of the century, and again in the 1930's. Each time it failed to catch on. Today a growing number of school systems are experimenting with some for of the extended school year, or "E.S.Y." as it is beginning to be called.

Critics of the extended year programs contend they often cost more money, not less. In an era of growing taxpayer revolt against school spending, however, school boards in many places are in a mood to try anything that holds out hope of savings. We need not be reminded of the present crisis of school financing or waning public confidence in the public school system in our state.

Although the year-round school idea is spreading, school authorities say it still has to be sold to some parents who have to adjust their family routines to it, and to state or local governing bodies, which have to approve the financing. Nevertheless, advocates of "E.S.Y." contend that families need no longer be restricted to summer vacations, and youngsters can be "kept off the streets" in summer months.

W. Scott Bauman, Professor of Finance at the University of Oregon, has noted that the elementary and secondary school system" is the only major institution in the nation which fully functions only about 180 days out of the 365 in a year."

On the one hand, an extended school year may enable students to complete a 12-year program in 11, thereby reducing the need for educational services and facilities by about eight per cent. This program would halt the great waste of facilities, equipment, professional skills, and precious learning time.

In Chula Vista, a year-round program for 3,600 elementary students in four schools started July 6, 1971. "The choice was to do this or go into half-day sessions," explained Dr. Burton C. Tiffany, District Superintendent, since "we just don't have the resources to build any more schools. This provides flexibility for teachers and an opportunity to increase their salary," Dr. Tiffany said.

Twenty-one states have flexible regulations that permit the 12-month school. California in recent years has enacter enabling legislation to grapple with the problems of this program.

In 1971, the Legislature authorized school districts to establish 45-day quarters with 15-day breaks. However, many districts preferred the 60-20 formula. In this session, AB 175 would enable the Department of Education more flexibility in approving alternative plans. Additionally, financial incentives are now available for school districts who adopt 12-month programs by reducing their payments on capital outlay.

Dr. Wilson Riles, Superintendent of Public Instruction, said last month that "the State Department of Education is interested because we believe that there may be tremendous advantages in year-round schools." Riles also believes we can serve 20 to 25 per cent more students.

Baldwin Bonanza Scheduled For Sunday, April 9

What is the Baldwin Bonanza? To oldtimers living in and around Arcadia it might have been any of the enterprises of that highly successful turn-of-the-century man, E. J. "Lucky" Baldwin — a winery, race horses, orchards, or a choice 127-acre homesite that turned out to be the Los Angeles State and County Arboretum. To today's Las Voluntarias, a vigorous group of women who do volunteer work for the Arboretum as members of the California Arboretum Foundation, it is a super fund-raising event they have labored hard to prepare and which they will present to the public on the entranceway steps and in the lecture hall of the Arboretum of the Arboretum on Sunday, April 9, from 9:30 to 4:30 p.m.

Like Baldwin Bonanza 1 of two years ago, the upcoming affair will offer what a poster describes as "junque elegante," handicrafts, plant kits, herbs, and hard-to-find plants. The difference in this year's Bonanza is that there will be a wider range of choices in most categories. Macrame pot hangers and a variety of exotic plants including a number of Arboretum introductions, are among the items expected to attract volume sales.

To add spice to the affair there will be periodic prizes award during the day, at least two authentic fortune tellers, a cotton candy machine to supply the youngsters, and a herb tea service for the pause that refreshes.

Twenty-four committees comprising over 150 dedicated Arboretum-lovers put this Bonanza together and will be manning the sales booths during show hours. The last to leave is certain to be the chairman of the litter pickup committee.

The proceeds, which last year came close to $5,000 gross, will be used to fill in the gaps left by the current County austerity budget.

Last year 6,576,200 students participated in Red Cross programs in their schools.

Arcadians Hold Rummage April 21

Philanthropy chairman, Mrs. Herbert — host coffee hour — Arcadiann's rummage sale in final stage of planning.

The Philanthropy Section of Arcadianns will hold its "Rummage Sale" April 21st and 22nd. Doors will open at 850 South Baldwin, at 9 a.m., on Friday and Saturday and will remain open until 4:30 p.m. each day.

Mrs. Tony Ragusa and Mrs. Robert F. Mathis, rummage sale co-chairmen, urges all members of Arcadianns and friends to start collecting their rummage. They will be on the premises, 850 South Baldwin, April 20th, to receive contribution of any saleable articles. Arrangements for pick ups may be made by calling Mrs. Ragusa 447-4203, or Mrs. Mathis, 447-0503, should any one need articles picked up before this date.

This energetic group of Arcadianns support many charities throughout the year through their Philanthropy Section, including the March of Dimes, Cancer, Cerebral Palsy, Red Cross, Community Chest, Los Angeles County Heart Association for Research, Eye Dog Foundation, Le Roys Boys Home, San Gabriel Handicapped and others.

When there is an emergency in the family of a serviceman overseas, Red Cross will transmit a welfare message on behalf of the man or his family. More than a million such messages were sent last year.

YOUR CHURCH IS WAITING FOR YOU

You and Your Neighbors

The magnificent woods used in the building of The Gamble House, together with the 60-year old "modern" furniture which was also designed by the famous California architects, Charles and Henry Greene, will highlight a lovely tea from 1-4 p.m. on Sunday, April 16 when special tours will be conducted by docents highly trained in knowledge of this home which is a historical museum and library. The Gamble House, 4 Westmoreland Place, Pasadena, is reached from the 300 block of N. Orange Gorve Blvd. The fee for adults is $1 with children under 12 admitted free.

Take your problems to CHURCH this week -- millions leave them there!

Spring is so much more than just a season. It is a miracle, enacted against a backdrop of perfect days. It is the time of rebirth . . . of reaffirmation.

Spring is Christ's story, beautifully illustrated by nature. It is all the teachings of the Church, brought to reality, spread out gloriously for you to see. Nature, in her sweet, new loveliness, touches the world, touches you with the Christ-like spirit. If your vision has been dulled, she gives you the chance to see again more brightly than ever.

Palm Sunday is here again. Never before have the doors of the Church seemed to stand quite so open . . . so ready to receive you. Never has the lesson of everlasting life . . . Christ's lesson . . . been so poignant. There will be new richness in your life if you will trust in the Church. In your soul there can be eternal spring, and all the bleakness, questioning and doubt can be erased from your heart forever.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Luke 19:28-38	Luke 20:19-26	Luke 21:1-9	Luke 22:14-27	Luke 22:39-46	Luke 23:13-26	Luke 23:32-49

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

John Wysocki Laid To Rest

Rosary was recited for John Joseph Wysocki, age 88 of 260 Churchill Glen who passed away Sunday, April 2, at the Huntington Memorial Hospital after a brief illness.

Mass was sung Wednesday morning April 5, at 10 a.m. at St. Rita's Catholic Church with Rev. Thomas O'Malley in charge.

John came to California and to Sierra Madre some 39 years ago from the state of Wisconsin and was a Rest Home operator retired. In departing he leaves his wife of the home address, Emma E. Wysocki. Interment was in Calvary Cemetery in Los Angeles with Ripple Mortuary in complete charge of all arrangements.

As Hank Ives Sees It

THE NEW YORK METS are placed second on the strength of a solid bench and capable pitching. A healthy Fregosi would add sock. CHICAGO gets the vote for third place. Durocher has perennial 20-game winner Jenkins to go with Hands, Pappas and the new sensation Hooten. Williams - Monday - Cardenal isn't a bad outfield and the infield is one of the best. Any of these three plus Pittsburgh can win it all.

PITTSBURGH drops from National champions to fourth place. The Bucs have plenty of talent but it is questionable if Bill Virdon can display the same control as Dan Murtaugh. PHILADELPHIA and MONTREAL will win more and lose less and still run fifth and sixth.

N.L. West	N.L. East
Los Angeles	St. Louis
Houston	New York
Cincinnati	Chicago
San Francisco	Pittsburgh
Atlanta	Philadelphia
San Diego	Montreal

ODDS AND ENDS . . . If you are looking for a good fishing hole, try Lake Henshaw. Some of the strings of catfish taken are unbelievable and the bass run extra size. You can expect cold nights, hot days and plenty of wind in the afternoon . . . It's the last week of racing at Santa Anita and already the colleges are getting set for Spring football practice . . . Now hold your breath and Hankus will tell you next week how the Angels will not win the NL West without a major trade.

Concerning Letters, To The Editor.

Dear Editor:

The following is an open letter sent by the tax assor to Assemblyman Leon D. Ralph.

The Hon. Leon D. Ralph
Assemblyman, 55th Dist.
State Capitol
Sacramento, Calif. 95814

Dear Assemblyman Ralph:

Your article in the March 2nd edition of the Metropolitan Gazette has solved a mystery!

Year after year I have seen and heard legislators cry that something must be done about tax relief. Despite the obvious need, I began to wonder why nothing ever happened in Sacramento to alleviate the problem. Now I think I have the answer.

The answer is that you and some of your colleagues expend far too much time and energy attempting to find fault with initiatives, and not enough time in coming to grips with the problems confronting your constituents.

The whole process of allowing the people to legislate for themselves through the initiative process has been repugnant to many legislators like yourself for several reasons.

For one thing, this reaction reflects a paternalistic attitude that only legislators know how to legislate. Any attempt on the part of the people to change their situation is viewed wits alarm since most legislators operate on the erroneous assumption that only **they** know what is best — not the people.

For another, the presence of an initiative measure on the ballot simply points out that you as an elected representative have not done the job you're paid to do.

As a legislator it is your responsibility to investigate all aspects of the problems which afflict society today. Your amateurish outburst against the Watson Amendment only served to illustrate your abysmal ignorance of a subject with which you should be more familiar.

I can understand that it may gain you some degree of popularity by boldly stating the Watson Amendment gives a tax break to big business, but the facts don't bear you out.

I fail to understand how you can utter platitudes about the need for tax relief at the grass roots level, then turn around and vote tax breaks in the form of exemptions to the same business community you accuse me of favoring in my Amendment.

Granting an exemption is nothing more than allowing one group to escape their own tax burden by passing it on to someone else. Your voting record in the Assembly is vocal testimony to fact that you have been in the vanguard of those who surreptitiously transferred the tax burdens from special interests, onto the shoulders of those less fortunate constituents who have neither the inclination or money to afford a lobbyist.

In one respect you have managed to assemble a brilliant career. You have achieved notable success as a silent but effective asset to the business community in what would otherwise be mistaken as a lackluster legislative career.

You voted "yes" on AB 889, allowing a financial break in the form of a lower tax ratio to companies who own boats which exceed 50 tons.

You voted "yes" on AB 444, which exempted solvent credits held by banks and other companies.

You voted "yes" on SB 8 establishing a special inventory exemption to owners of all businesses.

You voted "yes" on AB 186, a special tax exemption to agricultural interests exempting fruit trees, nut trees and grape vines.

You voted "yes" on SB 393, which gave a special tax break to the movie industry.

You voted "yes" on AB 1474, which exempted nonprofit corporations from taxation.

You voted "yes" on AB 1061, exempting certain kinds of livestock.

You voted "yes" on AB 183, favoring oil companies and other large interests who use our harbors by exempting certain harbor rights.

You voted "yes" on AB 205, which affords a special tax break to owners of race horses.

What may be even more distressing is that you have suborned your constituency by accepting campaign contributions from those you voted to exempt from taxation.

According to your campaign statement submitted to the Secretary of State on July 9, 1968, you accepted a contribution from the Association of Motion Picture and Television Producers. In the same year, you also voted "yes" to grant the Motion Picture Industry its tax exemption. The record also shows that you received contributions from others who benefited from legislation on which you voted.

As a legislator, you would do well to spend less time in voting tax breaks which favor the business community, and more time in trying to serve your constituency.

As for the criticism you directed at my Amendment, I found all of your points specious and lacking in truth. It isn't so much the fact that you found fault with the initiative that I find sad, it's the fact that you did such a poor and amateurish job of analysis. I feel that the voters deserve more from their representative than childish outbursts and bad grammar.

If you would like to get your facts straight regarding my Amendment, I would suggest that you write my office and ask for some facts and figures grounded in truth. Or, if you would like to make an appointment to see me when you are in Los Angeles visiting your constituents in the 55th District, my secretary would be happy to accommodate you.

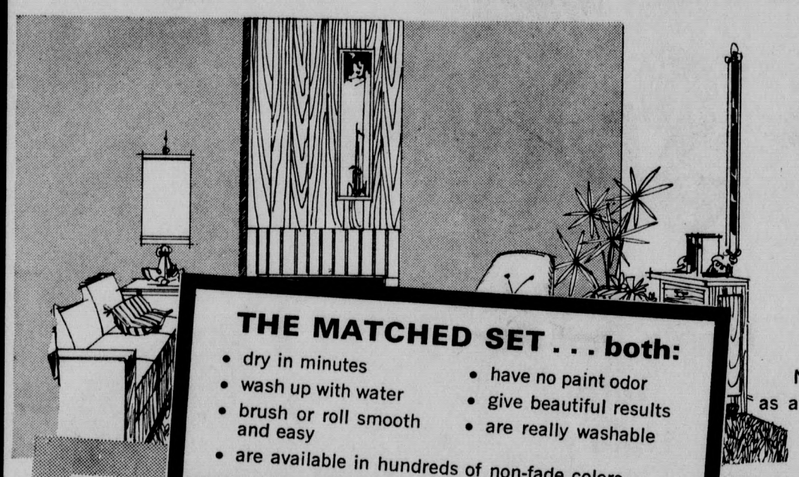

—Philip E. Watson

ROBERT N. COON, General Telephone cable splicer, finds cable air pressure leak with an ultrasonic translator detector. The detector and locator sticks, both commonly called "sniffers," spot location of cable leaks by the sound of escaping air. The company pressurizes all 100 pair and larger cables to protect against moisture and thus interruption of service in the communities it serves.

WHERE YOU SELDOM PAY RETAIL

Concerning Letters, To The Editor.

Dear Editor:

Both radio and TV reported a few days ago that we have had over 1400 bombings in California during 1971. Almost every day we read or hear of small to very large 'incendiary' fires in L.A. County and throughout the state and nation. As you read this a trial is being held because certain people 'it is alleged' tried to blow up Washington, D.C. and kidnap a government official.

Are we all fools enough to believe that most of this, if not all, just happened and is or was not planned by the now 'legal' Communist Party?

In 1964 President Nixon stated, "As I reflect on all that has happened in recent years, one thing stands out clearly: the troubles our nation has experienced have come when we have failed to stand firm against the Communist dictators. We have too often backed down — and backed away. It is time for us to put an end to this disgraceful, self-defeating behavior. It is time to stand firm — and then move forward — in Cuba, in Vietnam and in any other area where freedom is denied or threatened by forces of world communism."

In 1968 Mr. Nixon repeated virtually the same things while campaigning for the presidency. It is interesting to note that when Mr. Nixon ran for governor in California in 1962, he became known as "slippery Dick." Now it seems by his recognition of 'Red China' and his own actions that set up the removal of Nationalist China from the U.N., as reported by the news media, he has once again earned the description "slippery Dick."

While doing this, the socialists and communists are 'literally' at war — a HOT war, right here in our own country, against you and me right now. As "slippery Dick" put it so well, "'It is time for us to put an end to this disgraceful, self-defeating behavior. It is time to stand firm."

The best and quickest way to begin to solve most of these problems is to get out of the United Nations and get the UN out of the United States. I suggest you write all our lawmakers and keep on writing. We must save our Country and this is one way to do it.

In closing, I should like to quote an article by Clarence W. Hall, senior editor of the Readers Digest, November 1964: "Seldom has a major nation come closer to the brink of disaster and yet recovered than did Brazil in its recent triumph over RED SUBVERSION. The communist drive for domination marked by propaganda, infiltration and terror — was moving into high gear. Total surrender seemed imminent. Then the people said NO!

It is time for US to say NO — Loud and Clear. And it is time for US to get out of the communist dominated United Nations.

—Lambert V. Morrison

Dear Editor:

According to Babson's Reports of February 14, 1972, the National Education Association's lobby on Capitol Hill is planning a giant campaign to—

1. ". . . force Federal Government to provide one-third of funds for public school" ((several times as much as now granted).
2. Offer political endorsements for favored candidates.
3. Give campaign contributions to Congressional aspirants.

This campaign will probably be carried out with the NEA being a tax exempt "loophole."

The result can only raise taxes and fan inflation by creating more deficit financing (overspending), which is the sole basic cause of inflation.

These teachers are doing this with their salaries provided by us taxpayers. They are biting the hand that is feeding them! They are getting too big for their britches and costing the taxpayers too much money.

—C. C. Moseley

Dear Editor:

The following is an open letter sent to the City Council recently:

The City Council
City of Sierra Madre
55 W. Sierra Madre Blvd.
Sierra Madre, alif. 91024

Honorable Sirs:

On behalf of the Board of Directors of the Sierra Madre Chamber of Commerce, I wish to apprise you of the action taken on the Water Bond Issue to be presented to voters April 11.

The Board, at its General Meeting of March 21, voted in favor of endorsing passage of the Sierra Madre Water Bond Issue.

Bruno Niccoli, Pres.
Sierra Madre Chamber of Commerce

Dear Editor:

The following is an open letter to Mayor Ralph R. Rule:

Honorable Mayor
City of Sierra Madre
Sierra Madre, Calif.

One of the main reasons for Sierra Madre's withdrawal from the San Gabriel Valley Municipal Water District is the failure of the district's board to protect the cities' interests and its record of actually working against the city members.

The original purpose of the district was to assure the political and economic independence of the four cities of Alhambra, Azusa, Monterey Park and Sierra Madre from the Metropolitan Water District, which controls the Upper District. So, we formed our own district to keep out of the Upper District.

Now, by an ironic development, the MWD-dominated Upper District has completely taken over our own district. How? By the simple method of loading the board with non-city directors. They in turn have hired the Upper District's attorney to also be attorney for our district. They also have hired the Upper District's engineer, Mr. Stetson.

As an example of the kind of conflict of interest we may face if we stay in the SGVMWD, its two-sided attorney, Ralph Helm, is the one who sued three of the cities in our district, Alhambra, Azusa, and Monterey Park. Sierra Madre could be next. Yet, at the same time he is suing cities that make up the district, he is attempting to be their attorney in matters involving their district! Stetson, the engineer working against the cities on the Upper District's side also has been put in charge of engineering for our district. What is the board thinking of? It is paying these men salaries on both sides of the fence! We don't want to be putting our affairs, and fiscal decisions that may saddle us with debt for decades, in the hands of such a board, and such a staff!

Why should Sierra Madre — or any of the four cities for that matter — stake their future on this district. We urge the three cities to join Sierra Madre in dissolving it, or at least straightening it out. Or at least letting Sierra Madre free itself of the burden.

— An Interested Citizen

Women's Clubs Group Meets Thurs., April 13

The featured speaker at the Pasadena Council of Women's Clubs Thursday noon luncheon meeting will be Dr. James Bonner, professor of biology, California Institute of Technology, Pasadena. Mrs. Allen H. Dorland, program chairman, will present Dr. Bonner.

The noon luncheon will be preceded by the president's meeting at 11:30 a.m. which will feature a presentation of Legal Aid, sponsored by Lawyers' Wives of Pasadena. Mr. Richard B. Joslyn, president, Legal Aid Society, will make the presentation. Mrs. Charles G. Williams, president, Council of Women's Clubs will preside at both meetings.

Hostess clubs Thursday will be Pi Lambda Theta, Pasadena Alumnae; Pilot Club of Pasadena; St. Luke Hospital Auxiliary; Salvation Army Auxiliary to the Advisory Board; Serbiolian Club; Shakespeare Club of Pasadena, and Shakespeare Club of Pasadena, Juniors.

Retirement and Estate Planning Classes To Start

Retirement plans, as well as tax and other problems of estate planning, will be explored in a five-session class beginning Thursday, April 20, from 7 to 9:30 p.m. at Pasadena City College.

Given by Joseph Mayer, certified public accountant, the course will explore living and testamentary trusts in relation to taxes, and the duties of the trustee.

There is no tuition or fee, and enrollment is done the first night of class through the instructor.

Remember

techniques you may have in memory training. I would also be happy to help you with any particular memory problem you migh have, as well as answer any questions in this area. You can drop me a line at the Bornstein School of Memory Training, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, 90010.

Bill McColl Gives His View Point

Bill McColl, candidate for Congress (R-20th), said Tuesday he favored a strong national defense, less political power in Washington, D.C. and more at the state level, strong law enforcement and medical care through private practice.

Speaking before the board of directors of the Pasadena Republican Club, McColl said he believed medical care for all could be done through private practice with federal funding for insurance.

Concerning forced busing, he said he was against it if it violated parent wishes.

McColl, who is married and the father of six children, said the federal government was similar to a family. It could not live indefinitely above its means. He said he was in favor of a balanced budget, lowering the national debt and re-evaluating the tax structure.

Turning to the question of welfare, McColl gave strong support to Governor Ronald Reagan's efforts to reduce the welfare rolls. "Even those who oppose the Governor in this area," he said, "have to admit the state welfare rolls have declined since last May under the Governor's program."

McColl said he disagreed with President Richard Nixon's proposal for a guaranteed income. "I believe California has the right approach to the welfare problem," he stated.

Responding to a question on President Nixon's recent trip to mainland China, McColl said anyone who has spent any time in Asia has to come to grips with the reality of China. McColl spent two years in Korea as a medical missionary.

Voicing concern about Formosa, he said only time would tell the result of the trip. However, "the trip was a recognition of the need to talk and facing a reality," he said.

McColl said his Pasadena headquarters at 475 E. Colorado Blvd., would formally open Thursday, March 23. Formal openings of the Glendale and La Canada offices are scheduled.

Since Red Cross began its civilian blood program in 1948, 57,828,370 pints of blood have been collected from volunteer blood donors.

How to fly a kite safely.

Teach your children these safety rules:

1. Don't cross streets or highways while flying kites.
2. Don't fly a kite with metal in the frame or tail.
3. Don't use tinsel string, wire or any twine with metal in it.
4. Don't fly a kite over TV or radio antennas.
5. Don't fly a kite near electric power lines and don't try to retrieve a kite caught in power lines.
6. Don't fly a kite in the rain.

Southern California Edison Granted Increase By PUC

The California Public Utilities Commission has granted Southern California Edison a $14.3 milliion annual increase to offset the utility's higher cost of fossil fuel.

Edison was seeking a $15.7 million increase.

The PUC said Edison's rate of return on investment under the new rates will not exceed the lower level of reasonableness determined by the commission last June.

A 7.7 per cent to 8.1 per cent range was found reasonable at that time, and rates were set to yield a 7.9 per cent return.

The offset increase authorized recently is expected to yield a 7.41 per cent return.

At the same time, the PUC granted Edison authority to reflect future upward or downward fluctuations in the cost of fossil fuel by increasing or decreasing rates accordingly.

Rate revisions will be triggered whenever operating costs go up .001c per kilowatt-hour.

Each .001c per kilowatt-hour represents about $460,000.

The PUC stressed that any future increases would not be automatic. Edison must detail any request by letter, which will be thoroughly reviewed by the Commission staff and which must ultimately be approved by the commission itself.

The PUC also inserted a refund clause whereby any refunds to Edison from its fuel suppliers must be flowed through to Edison's customers with 7 per cent interest.

The $14.3 million annual increase is expected to add about 8 cents a month to bills of the typical residential customer using 250 kilowatt hours.

The new rates may become effective in 25 days.

The vote was 4-1, with Commissioner David W. Holmes dissenting and Commissioner Thomas Moran indicating he would file a concurring opinion.

Last year Red Cross assissted the victims of 5 hurricanes, 62 tornadoes, 27 other storms, 512 fires, 7 explosions, 4 transportation mishaps, an earthquake and 49 floods throughout the United States.

PCC Lancer Band To Go On Tour For Spring Vacation

The 60-member Lancer Band of Pasadena City College will spend spring vacation riding two chartered buses on a week-long concert tour through California, Nevada and Utah.

They will perform April 3-8 at the University of Nevada, Southern Utah State College, Tooele (Utah) High School. College of Eastern Utah and Barstow (Calif.) College, said band director Dr. Richard V. Coy.

Sightseeing trips en route will include visits to Bryce Canyon and Zion national parks. Students will also tour Salt Lake City.

"Fund-raising projects to finance the concert tour fell short of the mark by about $2,000," said Dr. Coy. "If the money isn't raised, students will have to cover the shortage."

The Lancer Band Booster Club encouraged contributions through tax-deductible donations, which can be sent to the Lancer Band at PCC.

Accompanying the 26 women and 34 men of the band will be PCC music counselor John McFarlane, South Pasadena High School band director Arlon Ermeier and either a doctor or registered nurse.

The Official Tournament of Roses Lancer Band has led the Rose Parade since 1930. It placed first in the Junior Rose Bowl Parade four times and won first prize in the Victoria British Columbia Days parade.

It has been honor band at the San Antonio Rose Festival in Texas in 1960, opening day at the Seattle World's Fair in 1963, the President's People-to-People Program ceremonies, the National White House Youth Conference in Honolulu in 1968 and the Disneyland Star-Spangled Holidays in 1971.

Dr. Coy has directed the band since 1967. Previous directors were Daniel S. Hiestand, now director of bands at Chico State College; Dr. Robert M. Fleury, chairman of PCC's Music Department; Lee Chrisman, now of Boston University, and Audre L. Stong, retired but still active in Pasadena community life.

Red Cross Youth To Aid Victims

Members of the Red Cross Youth Council of Pasadena Chapter are raising funds in Chapter area schools to further their local youth programs and to send aid to children who are victims of wars or natural disasters in other parts of the world, according to Mrs. John Starkey, Red Cross Youth chairman for the Sierra Madre Branch.

The chairman said the Red Cross Youth fund drive, held annually in all Pasadena area schools, from kindergarten through college, usually asks contributions for local Red Cross youth programs only, but this year a percentage of funds received will aid the nationwide "CHIN-UP" (Children Help International Needs — Universal Appeal) campaign being conducted nationally by Red Cross Youth members.

The first beneficiaries will be children in Bangladesh or among refugees in India who have suffered the successive horrors of floods, cyclones, and armed conflict.

Locally, funds raised in the school campaign will promote Red Cross Youth programs, including visits to veterans hospitals and nursing homes, leadership training, child care, first aid and water safety courses, and transportation work, throughout the Pasadena Chapter area, which includes Pasadena, Altadena, Bradbury, Duarte, Flintridge, La Canada, Monrovia, San Marino, Sierra Madre, South Pasadena and Temple City.

Tourney House Open All Summer

Tournament House and Wrigley Gardens, home of the Pasadena Tournament of Roses Association since 1960, will remain open throughout the spring and summer months for "open house" visitors.

The 58-year-old mansion at 391 South Orange Grove Bouevard has already attracted more than 700 persons during the first three months of the year.

Beginning April 5, Open House hours will be every Wednesday afternoon from 2-3.

There is no admission charge.

A member of the Tournaemnt's public relations committee is also on hand to answer questions about the house and 4½-acre property, which belonged to the William Wrigley family for some 45 years.

Besides the historical significance, each room in the house also contains pictures and momentos of every Rose Parade and Rose Bowl football game along with pictorial displays of early-day Pasadena.

The newest addition in the Rose Bowl room is the right shoe worn by Stanford kicker Rod Garcia in the 1972 renewal with Michigan. It was Garcia's 31-yard field goal in the last 12 seconds that enabled Stanford to upset the Wolverines, 13-12, before 103,154 Rose Bowl spectators.

One and one-third million Americans completed Red Cross first aid courses last year. More than 31 million persons have taken the course since it was first offered in 1910.
